

EARNST MEETING OF COMMITTEEMEN

Republicans Make Preparations
For the County Primaries
on Saturday.

SUPPORT FOR MR. SPEAKER

The Organization Gives Unanimous
And Hearty Endorsement of His
Candidacy—Effort to Be Made to
Get Out Full Vote.

Hon. Charles S. Speaker, candidate for congress, was endorsed unanimously by the city Republican central committee at a most enthusiastic meeting held in the city hall last evening. There were 16 members of the committee present and Chairman W. L. Smith presided.

Pursuant to the resolution adopted at the meeting of the county Republican county executive committee held June 28, arrangements were completed for the primary election to be held on next Saturday afternoon between the hours of 1:30 and 6:30, East Liverpool time. The polling places of the several wards were selected. They are given in another column.

The members of the committee expressed themselves as being confident that the endorsed candidate will carry the city unanimously. They, however, showed some uneasiness in regard to getting a full vote out. They urge that every Republican voter in the city make it his duty to support the candidate.

By order of the chairman each member of the committee will do all within his power during the intervening time to have the entire vote polled. It is of vital importance that every ward turn out its full complement. The candidate receiving the largest number of votes in any ward is to be entitled to name the delegates from the ward, such delegates to be selected so that each township shall have its legal representation at the congressional convention to be held in Salem on July 23.

OFFICER'S MACE STOLEN

The Man Who Took It Regarded It
as a Joke—Fined
\$2.30.

While in a restaurant enjoying a lunch last evening Officer Frank Saulsbury was the victim of a joke, but the victimizer paid rather a steep price for his fun. Before entering the restaurant the officer threw aside his coat and mace. When he returned the coat was there but the mace was missing. Upon investigating he found that C. A. Clark, of Rochester, who accompanied the excursionists to the city, had picked up the club and was promenading around, acting "cop." Clark acknowledged taking the club, but said that some one had taken it from him.

The officer could do nothing but arrest Clark, and he was taken to the city jail. He was arraigned before the mayor this morning and stated he had no intention of stealing the club. He was released by paying \$2.30, which amount will be required to buy another one.

CHILD'S ARM BROKEN

Followed the Breaking of Her Hip
From Which She Had Just
Recovered.

Sarah, the 10-year-old daughter of Mr. and Mrs. John Scanor, of West Market street, met with a serious accident while at play yesterday afternoon. With other children she was jumping off and on her father's delivery wagon when she happened to make a misstep and fell violently to the bricks, breaking her arm.

Having just recovered from a six months' confinement, the result of breaking her hip, the accident is the more deplorable.

THE OLDEST POTTER

Death of James P. Stephens, of Trenton, 40 Years in the
Business.

Trenton, N. J., July 10.—James P. Stephens died at his home Tuesday morning. He was born in Ohio March 26, 1849, and studied in the preparatory school at Gambier, O., and later at Kenyon college.

In 1862 he removed to this city and became interested in the pottery business. He became a member of the firm of Stephens, Toms & Co. Later

the firm was known as Brearly & Stephens. At the time of the incorporation of the Greenwood pottery Mr. Stephens was its president. Afterwards he became secretary and treasurer of the Greenwood Pottery company. He has served continually in these positions forty years. Mr. Stephens was the oldest continuous pottery manufacturer in the United States.

COMPLICATED CASE

VALIDITY OF DIVORCE AND ANTI-NUPTIAL AGREEMENT.

Questions Involved in a Suit for Dower Rights to a Big Estate.

Lisbon, July 10.—(Special.)—George Wyner, as guardian of Mary A. Wernet, has a suit pending in common pleas court against the children of his ward's husband, William Wernet, late of Butler township, for her dower interest in his large estate.

The defense set up by defendants was that Mr. Wernet had entered into an ante-nuptial agreement with his wife by which she was to receive \$5,000 and relinquish all claims on his estate and that he procured a divorce from her on the grounds of unfaithfulness.

Another suit entered today by Mr. Wyner to recover his ward's dower interest. He alleges that the time the defense was granted a divorce Mrs. Wernet was of unsound mind and that her husband was aware of the fact and fraudulently concealed it from the judge; that divorce proceedings were instituted simply to cut her out of her interest in the estate. Mr. Wyner asks that divorce be set aside and that his ward be restored to her rights.

BEATTY-JACKSON

Well Known Young Couple Married by
Rev. C. G. Jordan Last
Evening.

William E. Jackson and Miss Minnie M. Beatty were united in marriage by Rev. C. G. Jordan at 6 o'clock last evening at the latter's residence on Sixth street.

The bride wore a becoming traveling suit of blue cloth. George Jackson and Miss Pearl Hollinger acted as attendants. Miss Hollinger wore a pretty gown of white.

Immediately after the ceremony was performed the young couple were driven to the depot, where they took a train for Pittsburg, Atlantic City and other points of interest along the line. Upon their return Mr. and Mrs. Jackson will reside in this city.

The groom is a Sixth street merchant and the bride a popular young lady.

TO OPEN SATURDAY

New Dollar Savings Bank Directors
Resolve to Begin Business
Then.

The first meeting of the board of directors of the Dollar Saving bank in their new quarters was held last evening in the bank rooms at the corner of Sixth street and Broadway. In the absence of chairs the members were compelled to sit on store boxes and such like. That, however, did not prevent the board from transacting a large amount of business.

It was decided at this session to formally open the bank for business Saturday morning. It was also decided to make a number of other improvements about the banking rooms, such as placing blinds at all windows. An electric fan will be placed in the room, and the electric wiring is being done today. There will not be for its size a neater banking room in the city than that occupied by the institution when it is opened for business.

Will Not Lose Her Sight.

Pauline, the little daughter of Mr. and Mrs. Warren, who had the misfortune to severely injure her eye with a fire cracker is much improved. The Pittsburg specialist to whom she was taken, states that while the vision may be somewhat impaired, she will not likely lose the sight entirely.

Clerks' Reception Tonight.

The retail clerks of the city will hold their second annual reception and dance at Rock Springs park this evening. Some 300 invitations have been issued. Guests from Wellsville, Salem, Rochester and Lisbon will be present.

Arranging For Labor Day.

A meeting of the committee of trades council, having in charge the Labor day picnic, held a short session last evening. Matters pertaining to the program of events of the day were considered, and other routine matters talked over.

The men called to King Edward's bedside when he was taken ill are three of the best known medical experts in Great Britain. Sir Thomas Lister is surgeon extraordinary, and Sir Frederick Treves and Sir Francis Laking are both sergeant surgeons to the king. Lister is one of the world's greatest living surgeons.

WIND AND LIGHTNING WITH HEAVY RAINS

Numerous Instances of Minor
Damage Throughout the
City.

BIC ELECTRICAL DISPLAY

East Liverpool in Darkness for an
Hour—Power Shut Off to Avert
Possible Danger—Trees Broken
Down And Windows Shattered.

The terrific wind that accompanied the rain storm of last evening played havoc in different portions of the city. The branches of numerous trees were blown to the ground; brick chimneys were wrecked and scores of window panes were shattered.

At the city hall a little damage was done, the wind blowing the front door shut so hard that the glass was broken into smithereens. Several of the city officials were sitting near at the time and narrowly averted injury, the flying glass falling over them.

For about half an hour during the storm the city was in total darkness, but after that time matters were in better shape. As soon as the officials of the power company saw that the lightning gave promise of being quite sharp and severe, the power in the arc machines at the power house was shut off to save trouble, not only to the wires about the city but to the machinery about the B. & O. railroad. The move was a wise one, and no doubt saved the company many dollars. When seen today officials of the company stated that the storm had caused them no inconvenience other than having to shut off the arc lamps for a time.

Numerous trees were wrecked by the wind and a few were struck by lightning.

The electrical display during the storm was one that has not been equaled in East Liverpool for some time. For several minutes the heavens were glittering with the beautiful streaks and sprays. That no serious damage was done in the city is considered marvelous. It seemed that every portion of the city was struck, but as yet no reports have been heard of a destructive nature other than slight damages to telephone and telegraph wires, which are always troubled in a storm of the kind.

There were two heavy falls of rain, the first occurring shortly before 8 o'clock and the second between 9:30 and 11.

SEIZED WITH PARALYSIS AT A LODGE MEETING

George Mountford, who resides on Lincoln avenue, was stricken with a paralytic stroke while in attendance at the meeting of the Sons of St. George last night, causing much excitement in the lodge room. He was conveyed to his home by carriage, and on arriving there suffered a second stroke, accompanied by a severe hemorrhage. Dr. Brindley, of West Market street, was called, and rendered all aid possible, but gave no hope of Mr. Mountford surviving the shocks.

Mr. Mountford is a well known turner and pottery worker, having been employed for a number of years by the East Liverpool Pottery company,

BRAIN TURNED BY TROUBLE

Passengers on a C. & P. Train Saw
John Eckhardt Acting Wildly And
He Made a Desperate Leap from
the Car at Cleveland.

Passengers who came to this city on the down train yesterday afternoon noticed a passenger who appeared wild and uneasy. To some of them he talked of the cause of his trouble. He said his name was John Eckhardt and that he was on his way from Allegheny to Cleveland, where his young wife had committed suicide.

A dispatch from Cleveland states that just as the C. & P. train was pulling into the passenger station in that city, Eckhardt jumped through the window of the toilet room and ran rapidly down the track. He was soon arrested, and asked to be protected from a crowd of men that he said were following him.

Family trouble had evidently turned his brain. He talked very wildly. He said the people who told him his wife was dead were lying. He is said to be from Canton. A young woman, known as Bessie Thompson, who committed suicide Tuesday night, taking laudanum, was his wife, but did not live with him. He is in the county jail.

DISTANCED THE CAR

Dog Made a Round Trip And Street
Car Couldn't Keep
Up.

Dennis Hickey, of Second street, has a dog that has developed the peculiarity of running ahead of the East Liverpool street railway cars. Yesterday, it is said, the dog made the round trip to Wellsville, and also to the East End and return.

The best efforts of the motorman failed to distance him.

GOES TO THE BOYS' SCHOOL

A Bad Boy at East Rochester Sent to
the Institution at
Lancaster.

Lisbon, July 10.—(Special.)—Sheriff Leonard today took Lewis Haw-

kins, aged 13, to the boys' industrial school at Lancaster, O. Lewis was sentenced to the school some time ago but Judge Boone suspended sentence and gave him a trial with Grant Walker, of West township. He remained two days and returned to his home at East Rochester.

CHANCED TO SORROW

JOYOUS PICNIC PARTY BECAME
A CROWD OF MOURNERS.

Child From Martin's Ferry Drowned
at Brown's Island—Her
Sisters Fainted.

In the twinkling of an eye the joyousness of a merry party of Sunday school excursionists was transformed to profound sadness on Tuesday. In the midst of the merry making of the children a tragedy occurred at Brown's island below Toronto, ending the life of nine-year-old Lillian Smith, daughter of Martin's Ferry.

The excursion was the Sunday school picnic, given by the First Baptist church of Martin's Ferry, to Brown's island, on the City of Wheeling. The little girl, with a party of her playmates, was sitting on a camp stool on the lower deck of the steamboat which was moored on the island landing. The stool was near the edge of the boat. Someone called the child and in response she jumped up. As she did so the stool fell, tripping her. The child fell head long into the water.

Every effort was made to rescue the girl, but the current drew her under the boat, and she never came to the surface. The scene of sorrow caused by the tragedy beggars description. After it was seen that the body could not be found the boat left for Martin's Ferry. A stop had to be made at the wharf on account of the condition of the two surviving Smith girls. They were still unconscious, and medical attendance was secured for them, the physician accompanying them to Martin's Ferry. When Martin's Ferry was reached they had to be carried to the family home on stretchers.

EARL NORAGON DEAD

SON OF THE EX-SHERIFF DROWNED
AT CAMBRIDGE, O.

He Was Swimming in the Creek When
Seized With an Attack
of Cramp.

Lisbon, July 10.—(Special.)—Earl Noragon, the 16-year-old son of ex-Sheriff S. D. Noragon, was drowned Tuesday while swimming in Wills creek at Cambridge, O. He was attacked by cramps and sank in 16 feet of water. The body had been recovered at last accounts. He went swimming with another lad, who informed his parents of his sad fate.

Young Noragon was employed in the carpenter department of the C. & M.

Cow Causes a Lawsuit.

W. J. McDonald is plaintiff and Adolphus Appley is defendant in an unusual case that is to be heard in Squire McCarron's court. Appley owns a thoroughbred Jersey cow. It seems that this animal has a mania for the consumption of garden truck. At least that is what McDonald alleges. He states that the cow was loose and found her way into his garden, eating and destroying beets and sweet peas to the amount of \$2.25. Attorneys have been employed by each and the case promises to be one of interest.

Reunion of Eighth O. V. I.

The survivors of Company E, Eighth O. V. I., of East Liverpool, about 40 in number, have received notice of a reunion of that Spanish American war regiment, to be held at Stanton park July 17 and 18. The Jefferson County Soldiers' association reunion will take place on the same date. A number of the Eighth boys have signified their intention of attending.

Preparing for Camp Meeting.

The old historic Hollow Rock camp meeting ground in Saline township, Jefferson county, will be fixed up and repairs made to the buildings, which were damaged by the recent flood. The annual camp meeting under the East Ohio M. E. conference, will be held in the month of August.

An Enjoyable Picnic.

The children and older members of St. Stephen's church spent an enjoyable time, picnicking at Thompson park yesterday. Basket lunches and numerous games were features.

Leg Broken While Boxing.

Lisbon, July 10.—(Special.)—Lycurgus Marquis, of this town, had his leg broken last evening while boxing with Jeff Mashery in a club room.

A LONG SESSION NOT NECESSARY

Unless Some Hitch Occurs the Legislature
Car Finish
Work Speedily.

TWO WEEKS LONG ENOUGH

Especially as the Assembly Members
Must Pay Their Own Railroad
Fares And Will Be Allowed No Extra
Mileage.

Columbus, July 10.—(Special.)—Now that Governor Nash has fixed the time for the legislature to come to Columbus, several interesting questions have been raised, the most important being: What will the lawmakers do when they get here? It is generally understood that there is nothing expected of the legislators in extra session but the enactment of a home rule form of government of Ohio cities and a repeal or repair of the Royer supreme court law.

The governor has no power, however, to limit the amount or kind of business to be transacted, and there is no telling what will happen when the members get their coats off and ready for business. If what the weather man says about it is true, there will be some awful hot days during the latter part of August and early September. There is nothing to prevent the enactment, however, of a number of bills of all kinds and classes of subjects. It will take some time also to get a code bill through, as it will be remembered that the governor has not full control of either branch of the legislature, as at present organized.

All the members are by no means in accord with the idea of an extra session. Their railroad passes have all run out and they will not receive anything from the state as mileage. This question was settled at the time of the special session during the time Governor Campbell was obliged to call the legislature together. Auditor E. W. Poe ruled that he had no authority in law to issue his warrant for mileage and he did not. W. D. Guilbert, the present auditor, was at that time chief clerk in the office, and advised Mr. Poe to this action. It is hardly likely that he will reverse himself at this time. This is another indication that the session will be a short one.

Unless complications arise and unless there is a hitch on the code bill, which the governor hopes to have in shape, it is thought that all the extra business can be completed in two weeks.

OIL WELL NEAR CHESTER

Wildcat Operations Near Lawrence-
ville—Notes of the
Field.

A new oil well has been located on the Kinney farm, near the Lawrenceville field. The company is headed by Frank Chapman, of Marietta, and Pittsburg parties. McCoy brothers, of Chester, have the drilling. This is the first well to be drilled in this section close to Chester, and if it proves good will open up many new developments.

In the Carson pool, an extension of the old Turkeyfoot development, the Belmont Oil & Gas company has drilled its test on the Wesley Herron farm through the sand and has a small pumper. Galey Bros. have completed a second well on the James Ramsel farm and have a duster.

WEEDDED LAST EVENING

George Kinney and Miss Alice M. Lis-
ter Made Man and
Wife.

At the Christian church parsonage, last evening, Rev. J. W. Gorrell married George Kinney and Miss Alice M. Lisbon.

The bride wore a very pretty gown of white lawn. Miss Kinney, a sister of the groom, and Mr. Wood, acted as attendants. The groom has been employed in the Dresden pottery, while the bride was employed in an East End plant.

Grand P. H. C. Picnic.

The combined Protective Home Circle lodges of Chester, East Liverpool, East End, Wellsville and Toronto are arranging for a grand picnic to be given in the month of August. A committee of two has been appointed from each of these lodges to make arrangements for holding it and select a place and date.

News Review circulation is growing every day. The people appreciate a good thing.

EAST END

LITTLE DAMAGE DONE

Though the Rain of Last Night Was Heavy in the East End.

The heavy rain of last evening passed over the East End and no damage was caused either to property or to factories, save in one instance, and the damage in that particular case will be but slight. The run, extending from the Andrews farm, was at a flood height during the night, but this was a good thing, as it cleaned all "goat food," tin cans, paper and the like from the run. Several telephone wires at the corner of Mulberry and St. George street were blown down by the high wind, but the necessary repairs were made this morning. At the Laughlin pottery No. 2 some repairs were commenced to the roof of the plant yesterday and the carpenters did not complete their work last evening.

As a result rain came through the several openings in the roof, but as there was no ware stored under the openings there, no damage was caused, other than some inconvenience to the workmen. Their roof will likely be repaired today and the shop will resume work in the morning.

AROUND THE HORN

Big Shipment of Sewer Pipe From the East End Started for Manila.

The order for a large amount of sewer pipe that was received at the East End plant of the American Sewer Pipe company a few weeks ago for shipment to the Philippine islands, has been filled and the pipe is now on the water, bound for Manila. Supt. T. F. Anderson this morning said that it would take a long time for the order to reach its destination and that he did not expect it to reach the orient much before the middle of December, as it was going around the Horn.

The original order was for six cars, and each piece of pipe had to be marked as to consignee and destination.

Funeral of a Child.

The funeral services over the remains of an infant child of Mr. and Mrs. John Hanselman, of the East End, were held yesterday afternoon, interment being made at Riverview cemetery.

Thomas Finley, of the East End, who has been visiting relatives at St. Mary's W. Va., for several days, has returned to his home.

A number of people who were members of the Exposition Carnival company, who have been remaining in the East End until the several civil cases against the company are settled, expect to leave for their homes about tomorrow. They have been boarding on Pennsylvania avenue.

THE SENATORS VISIT STONE.

Each Said It Was to Pay Respects to the Governor.

Harrisburg, July 10.—Senators Quay and Penrose arrived in Harrisburg yesterday afternoon and were met at the station by Governor Stone's private carriage, driven to the executive mansion, where they went to stay until they leave today for Philadelphia. The presence of the senators was believed to be for the purpose of discussing the plans for the gubernatorial campaign, although neither would discuss their visit except to explain that it was to pay their respects to the governor.

When Mr. Quay left Harrisburg the day following the recent Republican state convention he sent word to the executive that he would visit him before going to the Maine woods on his summer vacation, and his presence here yesterday is a fulfillment of that arrangement. Attorney General Elkin, whose candidacy for governor was opposed by Messrs. Quay and Penrose and advocated by Governor Stone, did not meet the senators.

Governor Stone was asked last night the purpose of the visit of the two senators and replied:

"Senators Quay and Penrose are here on a social visit. Of course, we are talking politics. We are all for the Republican ticket."

Knox to Go to Paris.

Washington, July 10.—It was definitely announced at the department of justice yesterday that Attorney General Knox would go to Paris in connection with the ascertaining of the legality of the titles of the Panama Canal company property before negotiations for its sale to the United States government are begun. Mr. Knox, it is understood, will sail from this country by Aug. 1.

POTTERY PRODUCTS OF EAST LIVERPOOL

Great Growth of the Industry As Revealed by Census Figures.

TEN YEARS OF PROGRESS

Capital Invested And Products Doubled During the Decade 1890 to 1900. Statistics of Great Interest in This Locality.

There has just been completed and published by Hon. William R. Merriam, director of the recent census, a complete bulletin relating to the manufacturing of clay products. The report is presented in 18 different tables, showing the comparative summary of clay products at the census of 1890 to 1900. In drafting the schedule care was taken to preserve the basis of comparison with prior censuses. The following detailed report relating to the industry in this city will be read with interest:

1890—Number of establishments, 39; capital, total, \$4,292,845; value of plants, \$2,281,164; cash and sundries, \$2,911,681; proprietors and firm members, 17; salaried officials, clerks, etc., Number, 251; salaries, \$265,197. Wage earners, including piece workers and total wages: Average number, 3,908; wages, \$1,855,119; miscellaneous expenses, \$187,859. Materials used: Total cost, \$1,168,982; clay, \$218,786; fuel, \$299,213; miscellaneous, \$581,993; packing materials, \$158,990. Products: Total value, \$4,165,290; Yellow and Lockingham ware, \$98,034; C. C. or cream colored ware, \$721,219; semi-vitreous porcelain ware, \$1,858,126; porcelain electrical supplies, \$142,447; porcelain door knobs, \$46,333; all other pottery products, \$51,211; terra cotta, fire and other clay products, \$38,479; all other products, \$1,888. Machinery and kilns: Pottery—Disintegrators, 77; agitators, 73; slip pumps, 65; lumps, 44; Clay presses: Iron, 65; wood, 3. Pug mills: Regular, 36; sagger, 31; wad mills, 32; jiggers, 221; all other machines, 191. Kilns: Updraft, 169; down draft, 10. Muffle: Decorating, 73; all other kilns, 2. Terra cotta, tile and brick, clay grinding machines, Dry pans, 31. Clay tempering machines: Pug mills, 1; wet pans, 2; Molding machines: Stiff mud, 1; sewer pipe presses, 2. Kilns, down draft: Round, 17; dryers, 2.

1890—Number of establishments, 23; Capital: Total, \$2,127,281; value of plants, \$1,219,543; cash and sundries, \$907,738. Salaried officials, clerks, etc., Number, 93; salaries, \$89,844. Wage earners, including piece workers, and total wages: Average number, 2,062; wages, \$97,969; miscellaneous expenses, \$157,421. Materials used: Total cost, \$969,357; clay, \$171,954; fuel, \$139,448; miscellaneous, \$273,912; packing materials, \$93,943. Products: Total value, \$2,137,063.

It will be seen by the report that during the past 10 years this city has made unusual strides in the manufacturing of pottery. The total value of all the plants within that time has almost doubled, while employment has been given to almost 2,000 persons over the number that were employed in 1890. Wages have been doubled, while the total cost of manufacturing has been practically doubled. The report shows that there were no idle machines in the city when the table was prepared.

GOOD POINT FOR STRIKERS.

Railroad Refused to Haul Non-Union Coal.

Charleston, W. Va., July 10.—The cause of the strikers was strengthened yesterday when the management of the mines were advised by the Chesapeake and Ohio Railway company that they cannot haul coal of forced them, pending a settlement of the strike.

The Brotherhood of Locomotive Engineers will not transport coal taken out of the mines, while the union is on a strike, and have so notified the company. Manager Cassaday, of the Winifrede company, says he will barge the product down the Kanawha river.

TRACY WAS NOT FOUND.

Pursuit Apparently Abandoned, but Sentries Kept Guarding Roads.

Seattle, Wash., July 10.—The pursuit of outlaw Harry Tracy appeared to be temporarily suspended. Sheriff Cuddehe has called in the guards from the southern suburbs, leaving only a sufficient number for a careful patrol. It is believed that Cuddehe expects the convict, if he reappears at all, to show up in another part of the country. The posse that started from Renton with the bloodhounds yesterday morning returned yesterday afternoon after a fruitless search.

Since early yesterday morning the posse had been scouring the country between Renton and Black River Junction. A large territory has been scoured, and it was believed that Tracy is in hiding in the dense woods of this district. Guards have been stationed at every road in the section. It was believed last night that he will soon make his appearance at some house and demand food as he is known to be without supplies. The rumor that Merrill has joined his murderous comrade cannot be substantiated.

As matters stood last night no one knew the exact whereabouts of the desperado.

TEACHERS' CONVENTION.

National Educational Association Addressed by Archbishop Ireland.

Minneapolis, July 10.—Each of the 15 meetings yesterday of the National Educational association convention was well attended. Nearly every department of the association has held a meeting and the real work of the convention proper is on in full blast. There will be 13 meetings to day, and on Friday, when the convention will close, there will be 12.

At the evening session last night of the entire convention, held in the Exposition building, the attendance was about 10,000 people.

Hon. Michael Ernest Sadler, LL. D. of London, England, spoke, taking as his theme, "Hope."

Archbishop John Ireland, of St. Paul, spoke on "The Influence and Responsibility of the Teacher."

ARE ALL RALLYING FOR C. S. SPEAKER

Support For the Home Candidate
Especially Strong Among
Workingmen.

THEY REMEMBER HIS ACTS

While in Office and How He Brought
the Street Railway to Time and In-
stituted a Great Reform For the
Benefit of Coal Miners.

On next Saturday the Republican voters of Columbiana county will be called upon to state their preference for a candidate for the position of congressman in the Eighteenth district, and when the votes have been counted it will be found that Charles S. Speaker, the popular and only candidate put forward by Columbiana county, will not only control the 103 delegates to the convention, but will have carried every voting precinct in the county.

An attempt has been made to interest the workers of the county in this contest, and the movement was carried to a point by parties outside the county, that some protest was called for. The response was liberal and prompt. From every section of the county came voluntary endorsements from workers in every craft. The iron workers of Leetonia, Wellsville and Lisbon, the miners of Salineville, East Palestine and Washingtonville, in addition to many other trades unionists everywhere came to the front with kind words and good wishes for Mr. Speaker's success.

This was but natural, however, as very many of the workers had reason to remember the fearless and conscientious prosecuting attorney of a few years ago who accomplished so much for the workingpeople in his

numerous fights against the corporations. The details of the celebrated street railway case are sufficiently familiar to most of us, and it would therefore be a waste of time to review them at length. However, the case terminated successfully for the prosecutor, and the enforcement of the law through the courts requiring street railway corporations within the state to provide vestibules for the cars in use, was a great and lasting benefit to the employees.

There are other classes of workers who have reason to remember the good work of Mr. Speaker while filling the position of prosecutor. He was untiring in his efforts to secure such interpretation of the laws made for the government of mines, workshops and factories as would benefit the workers, and by so doing he has made his name blessed in many hundreds of homes.

The condition of some of the mines in the East Palestine district became so bad a few years ago that officials of the United Mine Workers' union determined to test the laws. Upon investigation it was learned that a state law existed which provided that mines be so arranged and the entries and rooms so laid out that the ventilation would be as perfect as it was possible to make them. The prosecuting attorney was consulted and informed the men that if conditions were such as they had been described, there was no doubt that a conviction could be secured.

Prosecutor Speaker entered upon the work with characteristic earnestness, and how well he succeeded is a matter of history.

In the beginning the mine owners were disposed to treat the whole matter with indifference, declaring they would never comply with the order. State Mine Inspector Hazeltine, who was in office at the time, was appealed to and found the mines in even worse condition than had been originally described.

In spite of the united efforts of both prosecutor and inspector to persuade the operator that he was wrong, he could not be convinced that he was taking a very injudicious stand. Finding that nothing was to be gained in pursuing such a policy, Prosecutor Speaker filed the charges in a formal manner, and the outcome was most disastrous to the corporation and its obstinate officials. The manager was not only arraigned and heavily fined for the offense, but was compelled by an order of the court to make whatever alterations were necessary to render

the mine absolutely safe and healthy. So, in a district where little attention was paid to the circumstances under which miners worked, and where the surroundings were the very worst, there now exists a perfect understanding between the operator and his men, and the whole brought about through the voluntary action of Mr. Speaker.

Throughout the progress of the case Mr. Speaker handled the prosecution with a display of legal ability which was extraordinary, and though every influence at the command of the big corporations throughout the state was brought to bear to have the case dropped, it was pursued to the end with a persistency which could not fail to succeed.

Is it any wonder that the miners of the vast coal districts of Columbiana county are interested, and that they are giving Charles S. Speaker their undivided support? They know from actual experience and personal contact with the individual that if he is fortunate enough to be nominated and elected, the interests and welfare of the workingmen will be as well taken care of in the national house of representatives as they were when Speaker was respected and feared by criminals and violators of the law, as the prosecuting attorney of Columbiana county.

The American people have good reason
for being pleased at the financial
condition of their government at the
beginning of its business year just
started. In the past 12 months the gov
ernment's income exceeded its outgo
to the extent of a little over \$92,000,
000. This is a falling off of \$8,000,000
from the estimate made by Secretary
of the Treasury Gage last November
in his annual report, but this has been
due to a reduction in the internal re
venue receipts, which was caused by the
passage of the repeal of the war re
venue act by congress about three
months ago. The 12 months of 1901-
02, however, make a much better show
ing than any since 1887-88, when the
excess of revenue over expenditures
was \$111,000,000. There was a steady
decline for some years, resulting finally
in the big deficits of the Cleveland
administration. Republican financ
ing, despite a costly war, brought a
speedy turn in the tide. The govern
ment debt has been reduced. The ag
gregate gold coin and bullion in the
treasury is in the neighborhood of
\$557,000,000. This is far the largest
sum of that metal held in the depository
of any nation in the world. The
tendency, however, is upward. The
amount of notes redeemed in gold at
the treasury in the year just ended
seems to be smaller than in any other
12 months since the resumption of
specie payments in 1879. This is an in
dication of the general confidence of
the public in the business situation
which is particularly impressive.

Every citizen of East Liverpool will
read with pride and satisfaction of the
astonishing progress of the local pot
tery industry, as revealed in the cen
sus statistics of 1890 and 1900, else
where summarized. East Liverpool
may be a little old-fashioned in some
things, but there is one line of enter
prise in which she acknowledges no
superior. And unless indications are
misleading, the same healthy sort of
expansion will continue at an even
greater rate during the present de
cade.

Every day brings new evidence that
Charles S. Speaker, Columbiana coun
ty's candidate for congress, is strong
with Republican voters of every rank
in life and will receive the enthusias
tic support of all.

John Alexander Dowie predicts that

such men as he is not likely to hasten
its arrival.

The settlement of the Chinese trou
bles and the European agreement to

The Democratic hunt for an issue in
the coming congressional campaign
in the country is still kept up, but it is
an elusive chase.

An extra session of the legislature

WITH THE WORKMEN IN THE CLAY PLANTS

[Special Correspondence.]

Sebring, O., July 10.—The French
China plant, which has been shut down
for a few days, will resume operations
in full this week.

Harry Rice returned home Monday
from Akron, where he has been visit
ing friends for a few days.

Next Monday is the date set for the
Ohio to resume. All departments of
this shop will start again on that
date.

Samuel Eardley, manager of the
French China, will leave today for At
lantic City, where he will spend 15
days.

Clarence Miller, of this town, who is
well known in East Liverpool, will re
turn from Evansville in a short time.
He has been visiting friends there
during his vacation.

Detroit, Mich., was the destination
of Oliver Beight and Kirk Hoster, well
known operatives here. They are
spending their vacation there.

The glost kilnmen of the Sebring
pottery after a short loaf resumed
work today, while the clay department
of this shop started Wednesday. The
plant will be operated full time from
now until Christmas.

W. H. Curry and family have return
ed to Sebring after spending several
days visiting friends at Toledo.

Charles Merrick and James Dens
more have returned to Sebring after
spending some time visiting friends
and relatives at Findlay.

Michael Funnell, who several days
ago sustained a broken finger, will re
turn to work as a presser at the
French China next Monday. His injury
has improved so rapidly that he will
be able to work sooner than he antici
pated.

Albert Wagner has been placed in
charge of the dipping house at the
Sebring pottery, which was caused by
the unlooked-for resignation of Wil
liam Lynch. Mr. Lynch will leave
within a short time for Sandusky,
where he will remain at the soldiers
home. He has been head dipper at
this plant for quite a long time, and
his many friends are sorry to see him
leave Sebring.

[Special Correspondence.]

Peoria, Ill., July 10.—The pottery in
this city, operated by the Crown Pot
teries company, resumed operations
Monday last, after a shutdown of only
eight days. The biscuit kilnmen at this
shop worked two days last week,
while the glost kilnmen succeeded in
making four days.

A number of repairs have been made
in the green room at the Peoria shops.
The boiler, which has been in a bad
condition for some time, has also
been repaired, and at present the
shop is in good condition throughout.
It is expected all departments will be
operated full from now until Christ
mas.

All the operatives in this city are
glad to learn of the settlement that
has been reached between the manu
facturers and the operatives. They
are, however, of the opinion that the
contract system should have been abol
ished, but as they do not know all the
facts concerning the settlement of the
differences at this writing they are
satisfied that everything has been done
to the best advantage.

Brother Hines, of East Liverpool, is
visiting his parents in this city. He
paid a visit to the Peoria shop a few
days ago and then called on Walter
McKeone, who came from here from
Wallace & Chetwynd's, several weeks
ago. Hines addressed McKeone as
Pauline Hall, and asked if he had his
dime. Now all the boys that heard
the remark would like to know the
joke. Hines will return to East Liv
erpool Friday of this week.

[Special Correspondence.]

New Castle, Pa., July 10.—The She
nango pottery will start to work next
Monday. It has been shut down but
a few days, closing on the Thursday
before the Fourth.

Charger Gamble arrived here after
spending a few days in East Liverpool
visiting friends.

Albert Wood and family are spend
ing a few weeks in East Liverpool vis
iting relatives and friends. They are
expected to return to New Castle in a
few days.

P. Gollner has resumed work after
a three days' loaf.

The New Castle China works has
resumed operations after a few days'
rest, and the outlook for a long run at
this shop is most promising. The ware
house girls at this shop were compell
ed to work at nights so that they could
get off on the Fourth.

After a shut down which lasted but
two days the New Castle sanitary shop
has resumed operations. The shop
will be run steadily, as the company
has sufficient orders on hand to keep
the entire force employed until the
New Year.

William Gamble, better known as
"Charger," will move his household

goods to New Castle from East Liv
erpool about the last of the month. He
has an excellent position with the New
Castle Sanitary Pottery company.

A new set of by-laws has just been
adopted by local No. 54, of this city.
The laws are much better for the
"good of the order" than those which
have been in vogue for some time.

A force of workmen, in charge of
Foreman Charles Zeek, of the General
Fire Extinguisher company, of War
ren, O., is fitting up the new additions
of the C. C. Thompson pottery with
automatic sprinkling apparatus. When
this work is finished they will put in
2,100 at the Laughlin No. 3 plant, also
at Volrey's, East Liverpool Potteries
company, Dresden, National and Ed
win M. Knowies at Chester, aggregat
ing 10,000 sprinklers. The devices
have been in use in this city for four
years. Knowles, Taylor & Knowles
first adopted them and they have
been generally adopted. Their pres
ence in the plant greatly reduces the
insurance rates. In case of fire the
extinguisher is so arranged that a
melting process takes place from the
heat, also giving an electric alarm.

The water then follows through the
pipes into the sprinklers and the water
is spread rapidly throughout the entire
building.

While nothing has been heard for
several weeks concerning the scheme
to form a working arrangement be
tween the Summit China company, the
Akron Pottery company and the Niles
Pottery company, the matter has not
been dropped entirely. It has been
learned that the matter will be revived
at no distant date, and the chances for
it being put through this time are un
usually bright. No time, however, has
been set for a meeting of the parties
interested to close the deal, but it is
thought a conference will be held very
soon.

The Niles pottery, operated by the
Bradshaw company, lost but one day
this summer, and that was on July 4,
when the shop closed down for the
day. Theodore Bradshaw, who was
in the city yesterday, and who came
here to attend the special meeting of
the manufacturing potters which was
held Tuesday afternoon, stated that
the shop was being operated full in ev
ery department, and that business with
the company was very good.

The dippers at Laughlin No. 3 re
sumed work yesterday, and this morn
ing all departments in both shops
started to work. As this company is
now being favored with an excellent
business, the several plants of this
concern will no doubt be kept in full
operation until the first of the year.
The saggermakers at No. 3 have been
working since last Monday, having
lost but two days, Friday and Satur
day.

The work of building a new glost
kiln at the Cartwright plant is pro
gressing rapidly, and when completed,
which will be some time in August,
it will have cost in the neighborhood
of \$1,500. The kiln will be 16.6 feet
in diameter and will replace one of
the oldest kilns in the kiln depart
ment, No. 1.

Down in Cambridge, a town that has

The new sanitary price list which
was adopted at a recent conference of
the manufacturers and the National
Brotherhood of Operative Potters at
Trenton has gone into effect. The con
cessions contained in the list will give
the men an average increase in wages
of about 8 per cent.

L. K. Force, of the Summit China
company, of Akron, returned home
last evening. Mr. Force says his com
pany is erecting a new biscuit kiln. He
is well pleased with the outcome of the
late conference.

Work was commenced at the Cart

when the kilndrawers started to work.
It is the intention of this firm to op
erate the plant in full commencing next
Monday.

The National has resumed, and a
present the firm is so rushed with or

printers are now at work. This plant
will be in full operation in a very short
time.

Homer McCartney, a frame filler at
Laughlin No. 3, will leave this week
for Wichita, Kan., where, it is said, he
will be married. He will be gone for
about six weeks.

Neal Button, the well known kiln

The questions most frequently asked us of late are

When Do You Move ? Will You Have An Opening ? Will You Give Souvenirs ?

Until now we couldn't answer them satisfactorily, but now the new store is nearly enough completed for us to say that

Next Week We Move

Will we get through in a week ?

No, but we believe we can get far enough along that we can have

OUR OPENING THE WEEK FOLLOWING

There are thousands of people anxious to see the inside of the undoubtedly finest Merchantile Block between Pittsburg and Cleveland.

At our opening we intend giving you all a chance.

So we'll only put in enough stock to show what the store is intended for.

We also wish to avoid asking you to participate in the unpleasant jams generally met at openings.

Hence on 3 afternoons from 1 to 6 we will not attempt to do business but will be

At Home to the Public

On the first day we will ask all the people whose surnames begin with any of the letters of the alphabet from A to G, inclusive, to come.

On the second day those whose names begin with H to M, inclusive. The third day the remainder of the alphabet will be welcomed.

This we believe will avoid undue crowds on the street cars as well as in the store.

Now as to Souvenirs

We found we could not do anything for less than \$300.00.

This is considerable for dainty trifles half of which would be broken before you reached home.

So on studying the matter we decided that instead of giving away Souvenirs we would distribute \$300 to the religious bodies and hospitals of this city and vicinity.

We will give the money, but we want you to decide where it shall go. So we will ask all adult persons who attend the opening to register their name and preference of object.

Then a committee will count the names and distribute the money, not to any one object, but PRO RATA among all those voted for.

Almost everyone is interested in some church or the hospital so we believe this plan will meet with general approval.

LOOKING FOR SUCKERS

A Soap Vender Has a New Scheme for Swindling Easy Folks.

A soap swindler is traveling on his way through Ohio, victimizing gullible farmers and leaving behind him a trail of victims. His plan is to approach a farmer and inform him that because of the influence of his name among his neighbors he will furnish him one hundred cakes of his superior soap for the low price of \$8. And as an extra inducement to purchase he agrees to carpet one room of his house absolutely free. He delivers the soap, collects the cash, promises the carpet in three or four days, and then disappears.

His victims are still waiting for the carpets and trying to do the family washing with worthless soap.

EAST LIVERPOOL LOST THIRD GAME

Six Innings Only Were Played at Johnstown Yesterday on Wet Grounds.

THE CONTEST WAS CLOSE

And the Score Stood 3 to 2—Today the Crockery City Giants Will Battle With the Famous Homestead Team.

East Liverpool lost the third of the series to Johnstown yesterday afternoon, but as in Tuesday's game, it was by a narrow margin, the score being 3 to 2.

The first game was credited as having been one of the fastest of the season. Every game was closely played, and until the third man was out in the last inning of each game it was not known which team would be victorious. Johnstown fans are of the opinion that the Crockery City has one of the strongest amateur teams in the country, and they are not mistaken.

Why it is that the locals wait until they leave the city to show their skill at the national sport is a question hard to answer. They have done the same thing for years.

Owing to wet grounds the game yesterday was only six innings in length and had they played the game out it is hard to tell who would have been victorious. The field was very muddy and the ball was handled with difficulty by all. McShane pitched for East Liverpool, and under the circumstances did all that could be expected. Maag got another error, but it was due solely to the condition of the grounds. He came to the front with two hits, one put-out and two assists. Godwin strengthened the team as usual, making a run and two hits in the few innings played.

A Johnstown correspondent states that Williams had the local team at his mercy, but from the number of hits made it looks as if the correspondent is a little off. He also spoke of Gainer's fast work at short. It may have been fast, but he mixed a pretty little error in it.

The locals play at Homestead this afternoon and on tomorrow and Saturday afternoons. Homestead has a great team, and if the home boys do as well with them as they did with Johnstown, the local fans will be for them, right or wrong, forever.

DEFENCE OF COASTS.

TWO DISTINCT SETS OF MANOEUVRES TO OCCUR.

One Purely Naval—Other Army, Militia and Naval Combined. Mimic Warfare.

Washington, July 10.—Beyond a general idea of the character of the army and naval manoeuvres which will take place on the Atlantic coast this summer, nothing bearing official authentication is obtainable in either the navy or war departments. But from a high official source a general sketch of the exercises has been obtained. There are to be two distinct sets of manoeuvres. The first will be purely naval and will consume probably the first three weeks of August. Two, or perhaps three, vessels belonging to the North Atlantic station will represent an enemy's fleet and will attempt to elude a defensive squadron, commanded by Rear Admiral Higginson, and accomplish a landing at some point on the New England coast inside of limits not yet prescribed. The duty of the defending squadron will be to send out scouts to stop the "enemy's" vessels before they can reach the coast. The vessels participating in these manoeuvres will include the battle ships Kearsarge, Alabama, Massachusetts and Olympia, comprising the North Atlantic squadron, as well as the Montgomery, Scorpion, Marblehead, Hist and such other vessels as can be spared at the time. At these naval manoeuvres the officials hope to experiment with wireless telegraphy if suitable arrangements can be perfected in time, and it is said there also will be experiments in coal-bag ship, transporting supplies and other comparatively minor features of naval warfare.

Further general details of the naval manoeuvres, such as the command of the "enemy's" ships and the division of the vessels into defenders and invaders, are not to be had as yet.

Army to Help Defend.

The second and more important set of summer manoeuvres will consist of a naval attack on a point on the North Atlantic coast by a supposed hostile fleet, which attack is to be met by a joint defense by the army and militia, assisted by a small number of naval vessels detached for the purpose from the North Atlantic squadron.

Active preparations are in progress by the army.

It has been determined that the attack will be made between New Bedford, Mass., on the east, and the eastern defenses of Long Island sound. This will include the artillery district of Narragansett, commanded by Colonel Henry C. Hasbrouck, and the district of New London, commanded by Lieutenant Colonel J. M. K. Davis. The Narragansett district includes Fort Adams, Wetherill and Greble Rhode Island, and Rodman, Mass. The New London district is composed of Forts Trumbull, Conn.; Mansfield R. I.; H. J. Wright, Michie and Terry New York.

Must Find Point of Attack.

Within the radius of the operations the army will have no notice of where and when the attack will be made. The army must find that out for itself. The signal corps will be utilized for this purpose, as well as all telegraph and telephone stations along the coast. The navy will take every precaution to conceal the point of attack and the army will do its utmost to find out just where the fleet will approach the coast and also at what time.

Owing to the secrecy to be maintained by the navy the troops in the different forts will be kept in a state of readiness either for a day or night attack.

Will Take Over Road Tomorrow.

Columbus, July 10.—Arthur E. Apsey, of Boston, the head of the Apsey electric railway syndicate, announced here yesterday that the Columbus, Buckeye, Lake and Newark Traction company will secure the Newark and Granville electric road on Friday, when the formal transfer of the property is to be made. The new road will be operated in conjunction with the Buckeye Lake line.

CAN'T RECALL PRIARS.

Vatican Replies It Would Put Holy See In Conflict With Spain.

CAN'T RETURN TO PARISHES.

The Note to Judge Taft Says They Shall Not Go Back Where Their Presence Would Provoke Trouble. Received Last Night.

Rome, July 10.—The answer of the vatican to the note of Judge Taft, governor of the Philippine islands, concerning religious affairs in the archipelago, which was handed to Cardinal Rampolla, papal secretary of state, July 3, was delivered to Judge Taft at a late hour last night.

The answer contains the following in part:

Portion of the Reply.

The answer is compiled in the order of Judge Taft's note of July 3. First comes the note which says that all the studies of the vatican were centered to render more clear, more precise and definite the conditions between the holy see and the Philippine government. In fact, the note says that if something further with this intent can be proposed that it be freely expressed, adding it would be considered with great pleasure. The introduction proceeds in this tone until it comes to the question of the recall of the friars. It then says the vatican cannot accept the proposition to recall the friars within the fixed period. Such recall not being justified by reasons of Force Majeure, it would be contrary to the rights guaranteed by the treaty of Paris and would put the holy see in conflict with Spain. It asks:

"If the United States cannot order the withdrawal of the friars, how can the pope do so, especially when it has been proved that all the accusations made against them were partly false, partly exaggerated and partly incorrect? However, the vatican promises that if it will try to introduce into the Philippines clergy of other nationalities, especially Americans, gradually as they are found ready or are adapted for the purpose.

Shall Not Return to Parishes. The note agrees that the friars shall not return to the parishes they left and where their presence could provoke trouble.

The note ends by saying that the pope is willing that the school question in the Philippines be not insisted upon now, but that his holiness hopes his representative in Manila may have an understanding with Judge Taft on this point, which is of capital importance in a country almost exclusively Catholic.

UNITED STATES WILL PROTEST.

Complaint Made of Unwarranted Course, in Cases of Gaynor and Green.

Washington, July 10.—The extradition case of Messrs. Benjamin D. Green and John F. Gaynor, for removal from Canada to the state of Georgia for trial on charges of misappropriation and embezzlement of over \$2,000,000 in connection with river and harbor improvements at Savannah, Ga., which has been sought for some time by the United States, will take on a diplomatic phase in a few days, when Secretary Hay communicates to the Canadian government the view of the officials of our department of justice that the Canadian authorities are pursuing an extraordinary and unwarranted course in the cases.

The delays and embarrassments in the extradition proceedings resulted in Mr. Marion Erwin, special assistant to the attorney general, who has been in active charge of the extradition proceedings for the United States transmitting to the attorney general under date of Montreal, July 7, a special report on the case, in which he calls attention to the fact that the lawyers of Messrs. Green and Gaynor are closely connected through professional and family ties with the Canadian officials to whom this government must look for extradition of the men whose custody it seeks.

Mr. Erwin, in his report, in part says that prior to instituting the extradition proceedings he was put on notice that the fugitives had just taken refuge at Quebec, for the purpose of resisting extradition, and that they had employed as their counsel the firms of lawyers, to which belonged the highest officials of the Provincial and Dominion governments. He said that he was thus precluded by the position taken by them, from conferring with the law officers of the crown. He therefore retained two attorneys of the Montreal and Canadian bar, who have ably assisted him. The report is quite large and treats of different phases of the situation and makes complaints on different points.

Vessels Can Use Oil as Fuel.

New York, July 10.—The new twin screw steamship Nebraska, of the American Hawaiian Steamship company, arrived in port last night from Philadelphia. The vessel is one of three sister ships, the other two being the Nevada and the Texan. All three vessels are fitted with furnaces in which either oil or coal can be used as fuel. These vessels are the pioneer oil burning steamships built in the United States.

Hay Fever.

This aggravating form of catarrh always appears at about the same time every summer, and sufferers from the disease will be glad to know that there is an absolute cure for hay fever. BLOOD WISE regularly taken prevents the formation of the catarrhal secretion, and tones up the whole system to a normal condition. It is the only remedy which can be relied on. For sale by

CURES WEAK MEN FREE

Insures Love and a Happy Home For All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night loss, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp, Medical Co., 1604 Hull Bldg., Detroit, Mich., and he will gladly send the free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from his daily mail show what men think of his generosity:

"Dear Sir:—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sir:—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sir:—Yours was received, and I am in trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain sealed envelope. The receipt is free for the asking and he wants every man to have it.

MITCHELL IS CONFIDENT.

In Address, So Expressed Himself as to the Outcome of the Strike.

Wilkesbarre, Pa., July 10.—In an address yesterday before the 300 delegates of District No. 1, in convention at Nanticoke, President Mitchell, of the Mine Workers' union, said that he had never participated in a strike in which he was so confident of success.

This statement by the miners' chief was greeted with great applause. The national president severely criticized the Citizens' Alliance organizations which have been formed in Scranton and Wilkesbarre for the purpose of prosecuting all persons who boycott or otherwise intimidate men who are still working in the mines or their relatives.

DIED OF BURLAR'S SHOT.

Supposed Cause of Latimer's Death Wife Prostrated.

New York, July 10.—Albert O. Latimer, the stationer at this city, who was shot, it is supposed, by a burglar at his residence in Brooklyn, died in a hospital last night. The shooting took place a week ago yesterday, at 7 o'clock in the morning. Mr. Latimer died without being able to make a connected statement as to the visit of the burglar. Mrs. Latimer told how her husband grappled with the intruder and was shot. After the shooting a bicycle lamp, a pair of felt-soled shoes and a cap were found in the room, but the police have been unable to find any trace of the burglar. Mrs. Latimer is the same hospital in which her husband died, and is said to be very ill as a result of the shock of seeing her husband shot down.

EASILY DECIDED

The Question Should Be Answered Easily By East Liverpool People.

Which is wiser—to have confidence in the opinions of your fellow citizens or depend on statements made by utter strangers? Read this:

Mr. Charles Smith, of 198 Fourth street, letter carrier, says: "I contracted cold which settled in my kidneys and caused such severe pain across the small of my back that I could scarcely get around my trip. I thought it would wear off, but as it did not, but grew worse, I got Doan's Kidney Pills at the W. & W. pharmacy, and took them. The result was the pain soon left me, and I am all right again."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Sold by W. & W. pharmacy.

CLOSE GATES SUNDAY

St. Louis Fair Directors Must So Agree or Commission

WILL GET NO PAY OR EXPENSES.

Comptroller of the United States Treasury So Decided—Provision in \$5,000,000 Appropriation Act So Provides—Commission Paid to June 1.

Washington, July 10.—The comptroller of the treasury yesterday decided that the salaries and expenses of the Louisiana Purchase Exposition commission could not be paid until the provision of the act appropriating \$5,000,000 for the exposition which requires "as a condition precedent that the directors shall contract to close the gates to visitors on Sunday during the whole duration of the fair," is executed.

The salaries and expenses of the commission were paid to June 1, when the section referred to above was called to the attention of the secretary of the treasury. He asked the comptroller for his opinion July 3.

LUTHER LEAGUE OF AMERICA.

Convention Began at St. Paul—Concluded With C. E. Society For Supremacy.

St. Paul, July 10.—The national convention of the Luther League of America began here yesterday.

The chief topic considered was the contest for supremacy between the Luther League and the Christian Endeavor society. The latter society has been well organized for some years in many Lutheran congregations, and the chief aim of the body now in session here is to replace such societies with branches of the league.

W. C. Stoeber, of Pennsylvania, president of the national league, read a report of the past two years' work. In the absence of Treasurer Dinkley, of Rochester, N. Y., his report was read by Mr. Hartranft, of Philadelphia.

Statistical Secretary Charles K. Hinton, of Columbus, O., reported a total membership of 34,305, of which 6,677 are in New York, 6,509 in Pennsylvania, 1,575 in Wisconsin, 2,155 in Ohio and 3,199 in Illinois.

CITY SECTION Y. M. C. A.

First Day of Convention Began With Bible Classes—Some Persons Who Spoke.

Silver Bay, N. Y., July 10.—The first day of the city section of the Y. M. C. A. began with the Bible classes taught by Don O. Shelton, Miss Caroline Palmer and Miss Mary McElroy, of New York city. At the city conference, presided over by Miss Mary Johnson, head of the city department of the American committee, Miss E. Hays spoke on new organizations and Miss Harriet Taylor on public meetings. Miss Taylor, who is the general secretary of the American committee, left yesterday for Geneva, Switzerland. She is one of the 60 delegates to the second world's conference of the Y. M. C. A., which will be held July 24 to 28.

Robert E. Sheer, of New York city, made the principal address yesterday on "The Reality of Sin." Dr. W. F. McDowell made the address at the vesper services.

Catholic Colleges Conference.

Chicago, July 10.—Beginning with a pontifical high mass at the cathedral of the Holy Name yesterday, the fourth annual conference of the association of Catholic colleges was opened. Representatives of colleges and parochial schools in all parts of the country attended the session and took part in the discussion. Bishop Thomas J. Conaty, rector of the Catholic University of America, Washington, D. C., presided. Rev. John P. Quirk, president of the Loyola college in Baltimore, read a paper on "Intellectual and Moral Education in Catholic and Non-Sectarian Systems."

STRIKE VIRTUALLY SETTLED.

Chicago Strikers Likely to Accept 20 Per Cent Increase—Lost Union Recognition Demand.

Chicago, July 10.—The strike of the freight handlers is virtually settled. Meetings of the strikers will be held today to ratify the action taken last night by President Curran, of the order, but, as he stated last night after a conference with the general managers of the railroads, that he agreed to their terms because a majority of his men were "going back" on him, there is little doubt that the terms will be accepted by the mass meeting of the strikers today.

By the terms of the settlement the strikers accept the schedule of wages offered them by the railroads July 1. This is an increase of 20 per cent. The attitude of the roads toward the freight handlers' union is the same as that maintained toward all local organizations of railroad men. The freight handlers demanded something that no other organization of railroad employees in Chicago had asked, and the managers announced that under no circumstances would they agree to this.

SEVEN DEATHS OF HEAT.

That Many Expired In Pittsburgh and Vicinity—Number of Prostrations.

Pittsburgh, July 10.—The following is a list of those whose deaths officially reported yesterday were due to heat:

Mrs. Bridget Reilly, 86 years old, Boundary street.

John Cencuski, Woods Run, employed at the plant of the Pennsylvania Car Wheel company, in Preble avenue, Allegheny.

Joseph Chedidisch, of 1 Duncan street, Allegheny, 35 years old.

Mrs. Nannie A. Kent, a widow, 55 years old, of 225 Isabella street, Allegheny.

Infant Scott, 15 months old, of Twenty-third street.

Infant Finaki, 15 days old, at parents' home, Carnegie.

Robert Terpor, 45 years old, at his boarding house, 1410 East street, Allegheny.

There were 11 prostrations.

NEWS IN BRIEF.

Pittsburgh.—The corner stone of the Sixth Presbyterian church edifice, being erected at Forbes and Murray avenues, will be laid tonight, an elaborate program of exercises having been arranged for the event. The exercises will begin at 6:45 o'clock with a foreword by the pastor of the congregation, the Rev. J. Shane Nichols.

Pittsburgh.—Ex-Warden Peter K. Seif, of Allegheny county (Pa.) jail, began his suit yesterday for divorce from his wife, Kate Seif, nee Kate Oetrich, who helped the Biddle boys get out of jail on January 20 last. The libel in the case was filed in common pleas court No. 3 on June 28 last. Judge S. A. McClung awarded the subpoena in the case. He names five correspondents, besides Edward R. Biddle.

CLOSING NOTICE.
WE WILL CLOSE OUR STORE AT 10 O'CLOCK EACH EVENING DURING THE MONTHS OF JULY AND AUGUST, MONDAY AND SATURDAY EXCEPTED, COMMENCING TUESDAY, JULY 7TH.
THE MILLIGAN HARDWARE AND SUPPLY COMPANY.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Booked for the Races—Hkey Boy, Dr. Hawker and Robert L. will go to the Ravenna races after the Salem meeting. William Humble, of this city, will drive the rags.

Winding Up Pest Business—The Turners' executive committee meets tonight to wind up business of the turnfest, having postponed the meeting from Monday evening.

River Fireman Scalded—James Ward, of East Liverpool, fireman on the tow boat Maggie, was badly scalded by the explosion of a steam pipe. He was sent to Mercy hospital, Pittsburgh.

Departure Was Delayed—The Jr. O. U. A. M. excursion from Rochester, Pa., yesterday did not get away from the city until 9:30 last night, and they were a very tired appearing crowd on account of the long wait for their train.

Train Was Delayed—The second section of train No. 316 was delayed an hour and a half last night by the blowing out of a cylinder head of the engine at a point out the main line. The first section was run from Wells-ville, taking passengers coming up the river division.

Very Successful Camp Meeting—The Free Methodist camp meeting of the Rochester (Pa.) district, which includes East Liverpool, held at Beaver Falls, just closed with 100 conversions. There were 70 tenters on the grounds and many thousands attended the meetings.

Insurance Money Paid—W. J. Curry, manager of the Roman Plastering works of the West End, has made a settlement with the Indiana & Ohio Live Stock Insurance company. He lost two horses in a fire not long ago, and it was for them that he received compensation amounting to \$150.

Excursionists Were Many—One hundred and twenty-five excursionists from this city took advantage of the Atlantic City excursion which left at 5 o'clock this morning. The party will remain 10 days. Many of the excursionists were well known potters taking advantage of the rates for a summer outing.

Reservoir Repairs Completed—The reservoir is now all completed with the exception of cementing the walks around the basins and sawing and sodding the grass around the walks. Both the old and new reservoirs are now filled with 19 feet of water each. The new reservoir has been in use for fully a month, and is pronounced strong and safe. The old reservoir was cleaned and concreted and now matches the new basin.

Township Trustee's Expenses—Township Trustee Albright has prepared his report for the month of June. It shows that \$39.28 was spent for the keeping of the poor by the township and that \$74.50 was expended for the same purpose for the county. The county report is about the same as the preceding month, but the township bill shows a slight decrease. Mr. Albright states that there are none depending upon him at the present time and thinks that the present month may be a record breaker for low expenditures.

THE SELLING OF STOCKS,

Wednesday, Evidently by the Speculative Element, Motive Being to Take Profits.

New York, July 10.—The selling of stocks yesterday was obviously by the speculative element which bought previously on the prospect of a rise, their motive being, of course, to take profits. Whether any actual developments bearing upon values were considered is not clear. But there was one or two considerations which might be construed against a further advance in prices. The marking up of St. Paul and New York Central, together with some of the soft coal stocks that were strong Tuesday is perhaps sufficiently explained as a measure of manipulation to facilitate the taking of profits elsewhere. Some of the high priced industrials worked higher on what had the appearance of investment demand. The proposed suit to enjoin the payment of a dividend on United States Steel common came in for some vigorous denunciation as to its motives by officials of the corporation, and the advance in the stock was apparently intended as a notice to opponents of a purpose to protect the stock in the market.

Of the factors making for the selling side, the continued heavy movement of currency to Chicago was an important one. Including a deposit of \$500,000 at the sub-treasury for telegraphic transfer to Chicago and shipments by express, it is said that about a million and a half went to that point from here yesterday. The exigencies of the corner in the July option in corn are supposed to account for the heavy movement.

Keeping Up With Fate.

DOVENER FOR CONGRESS

No Other Result Possible in the Convention Which Meets Today.

Attorney E. D. Marshall, a delegate from Grant district to the Republican congressional convention which was to meet at Wheeling this afternoon, left for that city this morning.

The Republican congressional convention of the First district met this afternoon at the Wheeling Park Casino and will go through the formality of renominating Captain B. B. Dovener. No other result is possible, as Dovener has sufficient votes to nominate without the aid of the contested delegation from Marion county. There will be two sets of delegates from Marion, and this fact is all there is upon which to base a departure from the cut and dried program.

The district executive committee met last night and made final arrangements for the convention. It will be called to order by Chairman S. G. Smith, who will name Frank W. Nesbitt as temporary chairman. Virgil L. Hyland, of Clarksburg, will be the temporary secretary. It is the program to make the temporary organization permanent.

QUARANTINE EXTENDED

A Full Dozen of Persons Must Await Outcome of Smallpox Case.

There are some 12 or 13 persons now on Middle run that are under quarantine. Health Officer Allison was in East Liverpool today looking for a competent nurse for Fitzpatrick, the smallpox patient.

A man who had been in the company of Fitzpatrick was taken from Chester yesterday to the temporary pest house and will be confined there for some time.

Horse Succumbed to Heat.

Hunter & Funkhouser, the street railway contractors, lost a valuable draft horse by heat yesterday. The grading on the line was completed today and the laying of rails will be completed by next week. Some delay is caused by the non-arrival of ties which are secured in the vicinity of Fairview.

Danced in a Barn.

A grand dance was held at the barn of Mr. Potts, near the Grandview school house. A large crowd was in attendance. Gallup brothers' orchestra furnished the music. The Chester young people got caught in the storm on their return and received a bad ducking.

Got \$2,300 Insurance.

Mrs. John Beck, mother of Byrd, killed in the Sheridan, Pa., disaster, received the insurance, \$2,300, from the Pennsylvania voluntary relief fund.

His Eye Badly Hurt.

Captain George Conn, foreman of

the yards at the Chester mill, had his left eye badly injured by a scale off of one of the pots flying and striking him in the eye yesterday afternoon. Mr. Conn returned to duty this morning, but his injury bothers him considerably.

Today's Picnic.

The Mt. Washington Presbyterian Sunday school, of Pittsburgh, arrived on a special train this morning at 10 o'clock. The visitors are putting in an enjoyable day. Base ball and other games are features.

May Lose an Arm.

Charles Smith, who is suffering from blood poisoning, may lose his arm, amputation being necessary. His condition is not improved and few hopes are entertained of his recovery.

Mill Idle Half a Day.

The condenser in the boiler at the Chester mill was broken yesterday at 1 o'clock, causing a suspension of operations until this morning at 5 o'clock.

CHESTER NOTES.

J. F. Height, of Carolina avenue, is on the sick list.

Mrs. H. S. Plankinton, of Carolina avenue, is quite ill.

Attorney Ingram was at Toronto on legal business yesterday.

Mayor Snider and J. E. McDonald returned from Parkersburg this morning.

Mr. and Mrs. St. Clair, of Carolina avenue, have returned from a visit to Legionville friends.

Mrs. Riley, of First street, left this morning for a six weeks' visit with Nebraska relatives.

Misses Rath Baxter and Daisy Bambrick have left for a week's visit with Magnolia, O., friends.

Allen McDonald is building a fine brick residence on the corner of Virginia avenue and Sixth street.

A dance was held at the home of Samuel Newlan, of Congo, last night, attended by many Chester residents.

Stephen Smith of the Taylor, Smith & Taylor pottery, has returned from a week's visit with Toronto relatives.

James McCullough and sister, Miss Nellie, of Phoenix avenue, returned yesterday from a visit with Coraopolis friends.

The high wind of last night shattered the panes in the front door of Rev. W. B. Gillis' home on Carolina avenue.

A four horse team stuck in the mud on Carolina avenue, near Height's store, last night, and was with difficulty gotten out.

Mrs. Jennie Swartz and daughter, of Third and Carolina avenue, leave tomorrow for an extended visit with Altoona (Pa.) friends.

A heavy rain last night damaged crops in the interior, and washed out a fill at the Middle run bridge. The traction line made temporary repairs.

W. W. Spivey and wife and Mrs. Mollie Shay and daughter, of Fairview, were attending the funeral of Mrs. S. S. Shay, at East Liverpool, yesterday.

Council will meet in regular session tonight. The most important matter to be taken up will be the Carolina avenue paving, and other streets which

are in a bad condition from the recent rains.

County Clerk Frank L. Bradley is making a transcript of the Good "rick" case, which will be argued before Judge Hervey shortly for an appeal.

J. H. Fowler, formerly of the Diamond Hardware company, of East Liverpool, is the new proprietor of the hardware store opening upon Virginia avenue.

There are prospects of laying one of the New Cumberland branch freight crews over in Chester, traffic having become so heavy along the upper portion of the branch.

The M. E. Sunday school picnic passed off very pleasantly yesterday afternoon. After the dinner the scholars were treated to ice cream. Amusements occupied the afternoon outing.

NEW HARDWARE STORE.

J. H. Fowler has severed his connection with the Diamond Hardware company and has opened up a hardware store on Virginia avenue, Chester, W. Va. 161-r

EARNEST MEETING OF COMMITTEEMEN

Republicans Make Preparations
For the County Primaries
on Saturday.

SUPPORT FOR MR. SPEAKER

The Organization Gives Unanimous
And Heartily Endorsement of His
Candidacy—Effort to Be Made to
Get Out Full Vote.

Hon. Charles S. Speaker, candidate for congress, was endorsed unanimously by the city Republican central committee at a most enthusiastic meeting held in the city hall last evening. There were 16 members of the committee present and Chairman W. L. Smith presided.

Pursuant to the resolution adopted at the meeting of the county Republican executive committee held June 28, arrangements were completed for the primary election to be held on next Saturday afternoon between the hours of 1:30 and 6:30, East Liverpool time. The polling places of the several wards were selected. They are given in another column.

The members of the committee expressed themselves as being confident that the endorsed candidate will carry the city unanimously. They, however, showed some uneasiness in regard to getting a full vote out. They urge that every Republican voter in the city make it his duty to support the candidate.

By order of the chairman each member of the committee will do all within his power during the intervening time to have the entire vote polled. It is of vital importance that every ward turn out its full complement. The candidate receiving the largest number of votes in any ward is to be entitled to name the delegates from the ward, such delegates to be selected so that each township shall have its legal representation at the congressional convention to be held in Salem on July 23.

OFFICER'S MACE STOLEN

The Man Who Took It Regarded It
as a Joke—Fined
\$2.30.

While in a restaurant enjoying a lunch last evening Officer Frank Saulsberry was the victim of a joke, but the victimizer paid rather a steep price for his fun. Before entering the restaurant the officer threw aside his coat and mace. When he returned the coat was there but the mace was missing. Upon investigating he found that C. A. Clark, of Rochester, who accompanied the excursionists to the city, had picked up the club and was promenading around, acting "cop." Clark acknowledged taking the club, but said that some one had taken it from him.

The officer could do nothing but arrest Clark, and he was taken to the city jail. He was arraigned before the mayor this morning and stated he had no intention of stealing the club. He was released by paying \$2.30, which amount will be required to buy another one.

CHILD'S ARM BROKEN

Followed the Breaking of Her Hip
From Which She Had Just
Recovered.

Sarah, the 10-year-old daughter of Mr. and Mrs. John Seanor, of West Market street, met with a serious accident while at play yesterday afternoon. With other children she was sampling out and on her father's delivery wagon when she happened to make a misstep and fell violently to the bricks, breaking her arm.

Having just recovered from a six months' confinement, the result of breaking her hip, the accident is the more deplorable.

THE OLDEST POTTER

Death of James P. Stephens, of Trenton, 40 Years in the Business.

Trenton, N. J., July 10.—James P. Stephens died at his home Tuesday morning. He was born in Ohio March 26, 1840, and studied in the preparatory school at Gambier, O., and later at Kenyon college.

In 1862 he removed to this city and became interested in the pottery business. He became a member of the firm of Stephens, Toms & Co. Later

the firm was known as Brearly & Stephens. At the time of the incorporation of the Greenwood pottery Mr. Stephens was its president. Afterwards he became secretary and treasurer of the Greenwood Pottery company. He has served continually in these positions forty years. Mr. Stephens was the oldest continuous pottery manufacturer in the United States.

COMPLICATED CASE

VALIDITY OF DIVORCE AND ANTI-NUPTIAL AGREEMENT.

Questions Involved in a Suit for Dower Rights to a Big Estate.

Lisbon, July 10.—(Special.)—George Wyner, as guardian of Mary A. Wernet, has a suit pending in common pleas court against the children of his ward's husband, William Wernet, late of Butler township, for her dower interest in his large estate.

The defense set up by defendants was that Mr. Wernet had entered into an ante-nuptial agreement with his wife by which she was to receive \$5,000 and relinquish all claims on his estate and that he procured a divorce from her on the grounds of unfaithfulness.

Another suit entered today by Mr. Wyner to recover his ward's dower interest. He alleges that the time the defense was granted a divorce Mrs. Wernet was of unsound mind and that her husband was aware of the fact and fraudulently concealed it from the judge; that divorce proceedings were instituted simply to cut her out of her interest in the estate. Mr. Wyner asks that divorce be set aside and that his ward be restored to her rights.

BEATTY-JACKSON

Well Known Young Couple Married by
Rev. C. G. Jordan Last
Evening.

William E. Jackson and Miss Minnie M. Beatty were united in marriage by Rev. C. G. Jordan at 6 o'clock last evening at the latter's residence on Sixth street.

The bride wore a becoming traveling suit of blue cloth. George Jackson and Miss Pearl Hollinger acted as attendants. Miss Hollinger wore a pretty gown of white.

Immediately after the ceremony was performed the young couple were driven to the depot, where they took a train for Pittsburg, Atlantic City and other points of interest along the line. Upon their return Mr. and Mrs. Jackson will reside in this city.

The groom is a Sixth street merchant and the bride a popular young lady.

TO OPEN SATURDAY

New Dollar Savings Bank Directors
Resolve to Begin Business Then.

The first meeting of the board of directors of the Dollar Savings bank in their new quarters was held last evening in the bank rooms at the corner of Sixth street and Broadway. In the absence of chairs the members were compelled to sit on store boxes and such like. That, however, did not prevent the board from transacting a large amount of business.

It was decided at this session to formally open the bank for business Saturday morning. It was also decided to make a number of other improvements about the banking rooms, such as placing blinds at all windows. An electric fan will be placed in the room, and the electric wiring is being done today. There will not be for its size a neater banking room in the city than that occupied by the institution when it is opened for business.

Will Not Lose Her Sight.

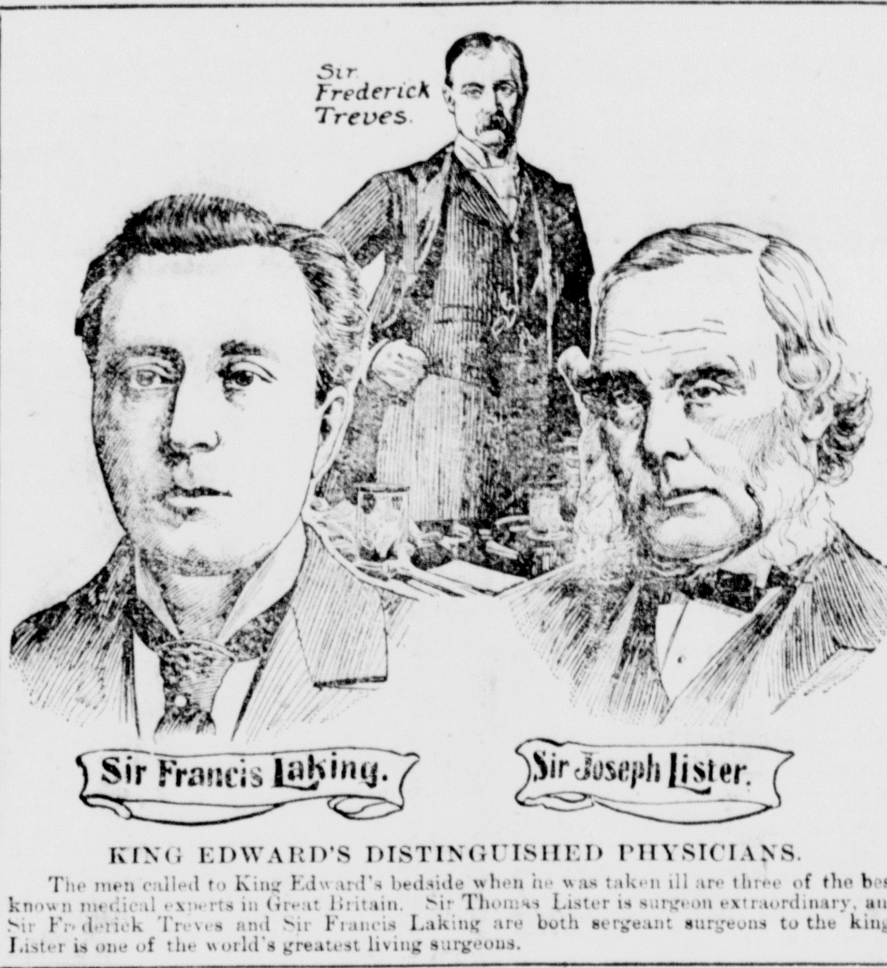

Pauline, the little daughter of Mr. and Mrs. Warren, who had the misfortune to severely injure her eye with a fire cracker, is much improved. The Pittsburg specialist to whom she was taken, states that while the vision may be somewhat impaired, she will not likely lose the sight entirely.

Clerks' Reception Tonight.

The retail clerks of the city will hold their second annual reception and dance at Rock Springs park this evening. Some 300 invitations have been issued. Guests from Wellsville, Salem, Rochester and Lisbon will be present.

Arranging For Labor Day.

A meeting of the committee of trades council, having in charge the Labor day picnic, held a short session last evening. Matters pertaining to the program of events of the day were considered, and other routine matters talked over.

WIND AND LIGHTNING WITH HEAVY RAINS

Numerous Instances of Minor
Damage Throughout the
City.

BIG ELECTRICAL DISPLAY

East Liverpool in Darkness for an
Hour—Power Shut Off to Avert
Possible Danger—Trees Broken
Down And Windows Shattered.

The terrific wind that accompanied the rain storm of last evening played havoc in different portions of the city. The branches of numerous trees were blown to the ground; brick chimneys were wrecked and scores of window panes were shattered.

At the city hall a little damage was done, the wind blowing the front door shut so hard that the glass was broken into smithereens. Several of the city officials were sitting near at the time, and narrowly averted injury, the flying glass falling over them.

For about half an hour during the storm the city was in total darkness, but after that time matters were in better shape. As soon as the officials of the power company saw that the lightning gave promise of being quite sharp and severe, the power in the arc machines at the power house was shut off to save trouble, not only to the wires about the city but to the machinery about the power house. The move was a wise one, and no doubt saved the company many dollars. When seen today officials of the company stated that the storm had caused them no inconvenience other than having to shut off the arc lamps for a time.

Numerous trees were wrecked by the wind and a few were struck by lightning.

The electrical display during the storm was one that has not been equaled in East Liverpool for some time. For several minutes the heavens were glittering with the beautiful streaks and sprays. That no serious damage was done in the city is considered marvelous. It seemed that every portion of the city was struck, but as yet no reports have been heard of a destructive nature other than slight damages to telephone and telegraph wires, which are always troubled in a storm of this kind.

There were two heavy falls of rain, the first occurring shortly before 8 o'clock and the second between 9:30 and 11.

SEIZED WITH PARALYSIS AT A LODGE MEETING

George Mountford, who resides on Lincoln avenue, was stricken with a paralytic stroke while in attendance at the meeting of the Sons of St. George last night, causing much excitement in the lodge room. He was conveyed to his home by carriage, and on arriving there suffered a second stroke, accompanied by a severe hemorrhage. Dr. Brindley, of West Market street, was called, and rendered all aid possible, but gave no hope of Mr. Mountford surviving the shocks.

Mr. Mountford is a well known turner and pottery worker, having been employed for a number of years by the East Liverpool Pottery company,

BRAIN TURNED BY TROUBLE

Passengers on a C. & P. Train Saw
John Eckhardt Acting Wildly And
He Made a Desperate Leap from
the Car at Cleveland.

Passengers who came to this city on the down train yesterday afternoon noticed a passenger who appeared wild and uneasy. To some of them he talked of the cause of his trouble. He said his name was John Eckhardt and that he was on his way from Allegheny to Cleveland, where his young wife had committed suicide.

A dispatch from Cleveland states that just as the C. & P. train was pulling into the passenger station in that city, Eckhardt jumped through the window of the toilet room and ran rapidly down the track. He was soon arrested, and asked to be protected from a crowd of men that, he said, were following him.

Family trouble had evidently turned his brain. He talked very wildly. He said the people who told him his wife was dead were lying. He is said to be from Canton. A young woman, known as Bessie Thompson, who committed suicide Tuesday night, taking laudanum, was his wife, but did not live with him. He is in the county jail.

Dennis Hickey, of Second street, has a dog that has developed the peculiarity of running ahead of the East Liverpool street railway cars. Yesterday, it is said, the dog made the round trip to Wellsville, and also to the East End and return.

The best efforts of the motorman failed to distance him.

Lisbon, July 10.—(Special.)—Sheriff Leonard today took Lewis Haw-

kins, aged 13, to the boys' industrial school at Lancaster, O. Lewis was sentenced to the school some time ago but Judge Boone suspended sentence and gave him a trial with Grant Walker, of West township. He remained two days and returned to his home at East Rochester.

CHANGED TO SORROW

JOYOUS PICNIC PARTY BECOME
A CROWD OF MOURNERS.

Child From Martin's Ferry Drowned
at Brown's Island—Her
Sisters Fainted.

In the twinkling of an eye the joyousness of a merry party of Sunday school excursionists was transformed to profound sadness on Tuesday. In the midst of the merry making of the children a tragedy occurred at Brown's island below Toronto, ending the life of nine-year-old Lillian Smith, daughter of Martin's Ferry.

The excursion was the Sunday school picnic, given by the First Baptist church of Martin's Ferry, to Brown's island, on the City of Wheeling. The little girl, with a party of her playmates, was sitting on a camp stool on the lower deck of the steamboat which was moored on the island landing. The stool was near the edge of the boat. Someone called the child and in response she jumped up. As she did so the stool fell, tripping her. The child fell head long into the water.

Every effort was made to rescue the girl, but the current drew her under the boat, and she never came to the surface. The scene of sorrow caused by the tragedy beggars description. After it was seen that the body could not be found the boat left for Martin's Ferry. A stop had to be made at the wharf on account of the condition of the two surviving Smith girls. They were still unconscious, and medical attendance was secured for them, the physician accompanying them to Martin's Ferry. When Martin's Ferry was reached they had to be carried to the family home on stretchers.

EARL NORAGON DEAD

SON OF THE EX-SHERIFF DROWNED
AT CAMBRIDGE, O.

He Was Swimming in the Creek When
Seized With an Attack
of Cramp.

Lisbon, July 10.—(Special.)—Earl Noragon, the 16-year-old son of ex-Sheriff S. D. Noragon, was drowned Tuesday while swimming in Wills creek at Cambridge, O. He was attacked by cramps and sank in 16 feet of water. The body had been recovered at last accounts. He went swimming with another lad, who informed his parents of his sad fate.

Young Noragon was employed in the carpenter department of the C. & M.

Cow Causes a Lawsuit.

W. J. McDonald is plaintiff and Adolphus Appley is defendant in an unusual case that is to be heard in Squire McCarron's court. Appley owns a thoroughbred Jersey cow. It seems that this animal has a mania for the consumption of garden truck. At least that is what McDonald alleges. He states that the cow was loose and found her way into his garden, eating and destroying beets and sweet peas to the amount of \$2.25. Attorneys have been employed by each and the case promises to be one of interest.

Reunion of Eighth O. V. I.

The survivors of Company E, Eighth O. V. I., of East Liverpool, about 40 in number, have received notice of a reunion of that Spanish American war regiment, to be held at Stanton park July 17 and 18. The Jefferson County Soldiers' association reunion will take place on the same date. A number of the Eighth boys have signified their intention of attending.

Preparing for Camp Meeting.

The old historic Hollow Rock camp meeting ground in Saline township, Jefferson county, will be fixed up and repairs made to the buildings, which were damaged by the recent flood. The annual camp meeting under the East Ohio M. E. conference, will be held in the month of August.

An Enjoyable Picnic.

The children and older members of St. Stephen's church spent an enjoyable time, picnicking, at Thompson park yesterday. Basket lunches and numerous games were features.

Leg Broken While Boxing.

Lisbon, July 10.—(Special.)—Lycurgus Marquis, of this town, had his leg broken last evening while boxing with Jeff Mashery in a club room.

A LONG SESSION NOT NECESSARY

Unless Some Hitch Occurs the Legislature Car Finish
Work Speedily.

TWO WEEKS LONG ENOUGH

Especially as the Assembly Members
Must Pay Their Own Railroad
Fares And Will Be Allowed No Extra Mileage.

Columbus, July 10.—(Special.)—Now that Governor Nash has fixed the time for the legislature to come to Columbus, several interesting questions have been raised, the most important being What will the lawmakers do when they get here? It is generally understood that there is nothing expected of the legislators in extra session but the enactment of a home rule form of government of Ohio cities and a repeal or repair of the Rorer supreme court law.

The governor has no power, however, to limit the amount or kind of business to be transacted, and there is no telling what will happen when the members get their coats off and ready for business. If what the weather man says about it is true, there will be some awfully hot days during the latter part of August and early September. There is nothing to prevent the enactment, however, of a number of bills of all kinds and classes of subjects. It will take some time also to get a code bill through, as it will be remembered that the governor has not full control of either branch of the legislature, as at present organized.

All the members are by no means in accord with the idea of an extra session. Their railroad passes have all run out and they will not receive anything from the state as mileage. This question was settled at the time of the special session during the time Governor Campbell was obliged to call the legislature together. Auditor E. W. Poe ruled that he had no authority in law to issue his warrant for mileage and he did not. W. D. Guilbert, the present auditor, was at that time chief clerk in the office, and advised Mr. Poe to this action. It is hardly likely that he will reverse himself at this time. This is another indication that the session will be a short one.

Unless complications arise and unless there is a hitch on the code bill, which the governor hopes to have in shape, it is thought that all the extra business can be completed in two weeks.

OIL WELL NEAR CHESTER

Wildcat Operations Near Lawrenceville—Notes of the Field.

A new oil well has been located on the Kinney farm, near the Lawrenceville field. The company is headed by Frank Chapman, of Marietta, and Pittsburg parties. McCoy brothers, of Chester, have the drilling. This is the first well to be drilled in this section close to Chester, and if it proves good will open up many new developments.

In the Carson pool, an extension of the old Turkeyfoot development, the Belmont Oil & Gas company has drilled its test on the Wesley Herron farm through the sand and has a small pumper. Galey Bros. have completed a second well on the James Ramsel farm and have a duster.

WEEDDED LAST EVENING

George Kinney and Miss Alice M. Lister Made Man and Wife.

At the Christian church parsonage, last evening, Rev. J. W. Gorrell married George Kinney and Miss Alice M. Lister.

The bride wore a very pretty gown of white lawn. Miss Kinney, a sister of the groom, and Mr. Wood, acted as attendants.

The groom has been employed in the Dresden pottery, while the bride was employed in an East End plant.

Grand P. H. C. Picnic.

The combined Protective Home Circle lodges of Chester, East Liverpool, East End, Wellsville and Toronto are arranging for a grand picnic to be given in the month of August. A committee of two has been appointed from each of these lodges to make arrangements for holding it and select a place and date.

News Review circulation is growing every day. The people appreciate a good thing.

EAST END

LITTLE DAMAGE DONE

Though the Rain of Last Night Was Heavy in the East End.

The heavy rain of last evening passed over the East End and no damage was caused either to property or to factories, save in one instance, and the damage in that particular case will be but slight. The run, extending from the Andrews farm, was at a flood height during the night, but this was a good thing, as it cleaned all "goat food," tin cans, paper and the like from the run. Several telephone wires at the corner of Mulberry and St. George street were blown down by the high wind, but the necessary repair were made this morning. At the Laughlin pottery No. 2 some repairs were commenced to the roof of the plant yesterday and the carpenters did not complete their work last evening.

As a result rain came through the several openings in the roof, but as there was no ware stored under the openings there, no damage was caused, other than some inconvenience to the workmen. Their roof will likely be repaired today and the shop will resume work in the morning.

AROUND THE HORN

Big Shipment of Sewer Pipe From the East End Started for Manila.

The order for a large amount of sewer pipe that was received at the East End plant of the American Sewer Pipe company a few weeks ago for shipment to the Philippine Islands, has been filled and the pipe is now on the water, bound for Manila. Supt. T. F. Anderson this morning said that it would take a long time for the order to reach its destination and that he did not expect it to reach the orient much before the middle of December, as it was going around the Horn.

The original order was for six cars, and each piece of pipe had to be marked as to consignee and destination.

A number of people who were members of the Exposition Carnival company, who have been remaining in the East End until the several civil cases against the company are settled, expect to leave for their homes about tomorrow. They have been boarding on Pennsylvania avenue.

THE SENATORS VISIT STONE.

Both Said It Was to Pay Respects to the Governor.

Harrisburg, July 10.—Senators Quay and Penrose arrived in Harrisburg yesterday afternoon and were met at the station by Governor Stone's private carriage, driven to the executive mansion, where they were to stay until they leave today for Philadelphia. The presence of the senators was believed to be for the purpose of discussing the plans for the gubernatorial campaign, although neither would discuss their visit except to explain that it was to pay their respects to the governor.

When Mr. Quay left Harrisburg the day following the recent Republican state convention he sent word to the executive that he would visit him before going to the Maine woods on his summer vacation, and his presence here yesterday is a fulfillment of that arrangement. Attorney General Elkin, whose candidacy for governor was opposed by Messrs. Quay and Penrose and advocated by Governor Stone, did not meet the senators.

Governor Stone was asked last night the purpose of the visit of the two senators and replied:

"Senators Quay and Penrose are here on a social visit. Of course, we are talking politics. We are all for the Republican ticket."

Knox to Go to Paris.

Washington, July 10.—It was definitely announced at the department of justice yesterday that Attorney General Knox would go to Paris in connection with the ascertaining of the legality of the titles of the Panama Canal company property before negotiations for its sale to the United States government are begun. Mr. Knox, it is understood, will sail from this country by Aug. 1.

POTTERY PRODUCTS OF EAST LIVERPOOL

Great Growth of the Industry As Revealed by Census Figures.

TEN YEARS OF PROGRESS

Capital Invested And Products Doubled During the Decade 1890 to 1900. Statistics of Great Interest in This Locality.

There has just been completed and published by Hon. William R. Merriam, director of the recent census, a complete bulletin relating to the manufacturing of clay products. The report is presented in 18 different tables, showing the comparative summary of clay products at the census of 1890 to 1900. In drafting the schedule care was taken to preserve the basis of comparison with prior censuses. The following detailed report relating to the industry in this city will be read with interest:

1900—Number of establishments, 30; capital, total, \$4,292,845; value of plants, \$2,281,164; cash and sundries, \$2,011,681; proprietors and firm members, 17. It will be seen by the report that during the past 10 years this city has made unusual strides in the manufacturing of pottery. The total value of all the plants within that time has almost doubled, while employment has been given to almost 2,000 persons over the number that were employed in 1890. Wages have been doubled, while the total cost of manufacturing has been practically doubled. The report shows that there were no idle machines in the city when the table was prepared.

GOOD POINT FOR STRIKERS.

Railroad Refused to Haul Non-Union Coal.

Charleston, W. Va., July 10.—The cause of the strikers was strengthened yesterday when the management of the mines were advised by the Chesapeake and Ohio Railway company that they cannot haul coal of forced them, pending a settlement of the strike.

The Brotherhood of Locomotive Engineers will not transport coal taken out of the mines, while the union is on a strike, and have so notified the company. Manager Cassaday, of the Winifrede company, says he will barge the product down the Kanawha river.

TRACY WAS NOT FOUND.

Pursuit Apparently Abandoned, but Sentries Kept Guarding Roads.

Seattle, Wash., July 10.—The pursuit of outlaw Harry Tracy appeared to be temporarily suspended. Sheriff Cudihoe has called in the guards from the southern suburbs, leaving only a sufficient number for a careful patrol. It is believed that Cudihoe expects the convict, if he reappears at all, to show up in another part of the country. The posse that started from Renton with the bloodhounds yesterday morning returned yesterday afternoon after a fruitless search.

Since early yesterday morning the posse had been scouring the country between Renton and Black River Junction. A large territory has been scoured, and it was believed that Tracy is in hiding in the dense woods of this district. Guards have been stationed at every road in the section. It was believed last night that he will soon make his appearance at some house and demand food, as he is known to be without supplies. The rumor that Merrill has joined his murderous comrade cannot be substantiated.

As matters stood last night no one knew the exact whereabouts of the desperado.

TEACHERS' CONVENTION.

National Educational Association Addressed by Archbishop Ireland.

Minneapolis, July 10.—Each of the 15 meetings yesterday of the National Educational association convention was well attended. Nearly every department of the association has held a meeting and the real work of the convention proper is on in full blast. There will be 13 meetings to day, and on Friday, when the convention will close, there will be 12.

At the evening session last night of the entire convention, held in the Exposition building, the attendance was about 10,000 people.

Hon. Michael Ernest Sadler, LL. D. of London, England, spoke, taking as his theme, "Hope."

Archbishop John Ireland, of St. Paul, spoke on "The Influence and Responsibility of the Teacher."

Support For the Home Candidate
Especially Strong Among
Workingmen.

THEY REMEMBER HIS ACTS

While in Office and How He Brought
the Street Railway to Time and In-
stituted a Great Reform For the
Benefit of Coal Miners.

On next Saturday the Republican voters of Columbiana county will be called upon to state their preference for a candidate for the position of congressman in the Eighteenth district, and when the votes have been counted it will be found that Charles S. Speaker, the popular and only candidate put forward by Columbiana county, will not only control the 103 delegates to the convention, but will have carried every voting precinct in the county.

An attempt has been made to interest the workers of the county in this contest, and the movement was carried to a point by parties outside the county, that some protest was called for. The response was liberal and prompt. From every section of the county came voluntary endorsements from workers in every craft. The iron workers of Leetonia, Wellsville and Lisbon, the miners of Salineville, East Palestine and Washingtonville, in addition to many other trades unionists everywhere came to the front with kind words and good wishes for Mr. Speaker's success.

This was but natural, however, as very many of the workers had reason to remember the fearless and conscientious prosecuting attorney of a few years ago who accomplished so much for the workingpeople in his

numerous fights against the corporations. The details of the celebrated street railway case are sufficiently familiar to most of us, and it would therefore be a waste of time to review them at length. However, the case terminated successfully for the prosecutor, and the enforcement of the law through the courts requiring street railway corporations within the state to provide vestibules for the cars in use, was a great and lasting benefit to the employees.

There are other classes of workers who have reason to remember the good work of Mr. Speaker while filling the position of prosecutor. He was untiring in his efforts to secure such interpretation of the laws made for the government of mines, workshops and factories as would benefit the workers, and by so doing he has made his name blessed in many hundreds of homes.

The condition of some of the mines in the East Palestine district became so bad a few years ago that officials of the United Mine Workers' union determined to test the laws. Upon investigation it was learned that a state law existed which provided that mines be so arranged and the entries and rooms so laid out that the ventilation would be as perfect as it was possible to make them. The prosecuting attorney was consulted and informed the men that if conditions were such as they had been described, there was no doubt that a conviction could be secured.

Prosecutor Speaker entered upon the work with characteristic earnestness, and how well he succeeded is a matter of history.

In the beginning the mine owners were disposed to treat the whole matter with indifference, declaring they would never comply with the order. State Mine Inspector Hazelbine, who was in office at the time, was appealed to and found the mines in even worse condition than had been originally described.

In spite of the united efforts of both prosecutor and inspector to persuade the operator that he was wrong, he could not be convinced that he was taking a very injudicious stand. Finding that nothing was to be gained in pursuing such a policy, Prosecutor Speaker filed the charges in a formal manner, and the outcome was most disastrous to the corporation and its obstinate officials. The manager was not only arraigned and heavily fined for the offense, but was compelled by an order of the court to make whatever alterations were necessary to render

the mine absolutely safe and healthy. So, in a district where little attention was paid to the circumstances under which miners worked, and where the surroundings were the very worst, there now exists a perfect understanding between the operator and his men, and the whole brought about through the voluntary action of Mr. Speaker.

Throughout the progress of the case Mr. Speaker handled the prosecution with a display of legal ability which was extraordinary, and though every influence at the command of the big corporations throughout the state was brought to bear to have the case dropped, it was pursued to the end with a persistency which could not fail to succeed.

Is it any wonder that the miners of the vast coal districts of Columbiana county are interested, and that they are giving Charles S. Speaker their undivided support? They know from actual experience and personal contact with the individual that if he is fortunate enough to be nominated and elected, the interests and welfare of the workingmen will be as well taken care of in the national house of representatives as they were when Speaker was respected and feared by criminals and violators of the law, as the prosecuting attorney of Columbiana county.

The American people have good reason for being pleased at the financial condition of their government at the beginning of its business year just started. In the past 12 months the government's income exceeded its outgo to the extent of a little over \$92,000,000. This is a falling off of \$8,000,000 from the estimate made by Secretary of the Treasury Gage last November in his annual report, but this has been due to a reduction in the internal revenue receipts, which was caused by the passage of the repeal of the war revenue act by congress about three months ago. The 12 months of 1901-02, however, make a much better showing than any since 1887-88, when the excess of revenue over expenditures was \$111,000,000. There was a steady decline for some years, resulting finally in the big deficits of the Cleveland administration. Republican financiering, despite a costly war, brought a speedy turn in the tide. The government debt has been reduced. The aggregate gold coin and bullion in the treasury is in the neighborhood of \$557,000,000. This is far the largest sum of that metal held in the depository of any nation in the world. The tendency, however, is upward. The amount of notes redeemed in gold at the treasury in the year just ended seems to be smaller than in any other 12 months since the resumption of specie payments in 1879. This is an indication of the general confidence of the public in the business situation which is particularly impressive.

Every citizen of East Liverpool will read with pride and satisfaction of the astonishing progress of the local pottery industry, as revealed in the census statistics of 1890 and 1900, elsewhere summarized. East Liverpool may be a little old-fashioned in some things, but there is one line of enterprise in which she acknowledges no superior. And unless indications are misleading, the same healthy sort of expansion will continue at an even greater rate during the present decade.

Every day brings new evidence that Charles S. Speaker, Columbiana county's candidate for congress, is strong with Republican voters of every rank in life and will receive the enthusiastic support of all.

John Alexander Dowie predicts that the millennium is coming within the next 25 years. Maybe, but the work of

OBITUARY

John Yeager.

John Yeager, aged 80, died at his home on a boat house in Wellsville yesterday afternoon. He had been an invalid for over two years, suffering from dropsy. He was born in Pennsylvania, but had lived in Wellsville 21 years, being a gunsmith by occupation. His wife died two years ago. Several children, residents of Pennsylvania and Ohio, survive. The remains were buried in Spring Hill cemetery this afternoon at 2 o'clock.

Death of An Infant.

An infant son of Mr. and Mrs. William Buxton, of Spring street, died this morning at 7 o'clock of cholera infantum, from which it had been suffering for some time. The funeral services will be held Saturday afternoon, it is thought, interment being made at Riverside cemetery.

TRIED TO SEE MRS. M. KINLEY.

Crazy Man Sent From Canton Landed in Beaver Jail.

Canton, O., July 10.—George Fisher living at Pittsburg as his home, attempted to see Mrs. McKinley Tuesday claiming he could make disclosures concerning the plot to assassinate her husband. The township trustees paid Fisher's fare to Pittsburg to get rid of him.

Beaver Falls, Pa., July 10.—Fisher acted so queerly here yesterday that Sheriff Raymer sent him to Beaver jail. He claimed to know of a plot to kill President Roosevelt.

Encouragement.

WITH THE WORKMEN IN THE CLAY PLANTS

[Special Correspondence.]

Sebring, O., July 10.—The French China plant, which has been shut down for a few days, will resume operations in full this week.

Harry Rice returned home Monday from Akron, where he has been visiting friends for a few days.

Next Monday is the date set for the Oliver to resume. All departments of this shop will start again on that date.

Samuel Eardley, manager of the French China, will leave today for Atlantic City, where he will spend 14 days.

Clarence Miller, of this town, who is well known in East Liverpool, will return from Evansville in a short time. He has been visiting friends there during his vacation.

Detroit, Mich., was the destination of Oliver Beight and Kirk Hoster, well known operatives here. They are spending their vacation there.

The glost kilnmen of the Sebring pottery after a short loaf resumed work today, while the clay department of this shop started Wednesday. The plant will be operated full time from now until Christmas.

W. H. Curry and family have returned to Sebring after spending several days visiting friends at Toledo.

Charles Merrick and James Densmore have returned to Sebring after spending some time visiting friends and relatives at Findlay.

Michael Funnell, who several days ago sustained a broken finger, will return to work as a presser at the French China next Monday. His injury has improved so rapidly that he will be able to work sooner than he anticipated.

Albert Wagner has been placed in charge of the dipping house at the Sebring pottery, which was caused by the unlooked for resignation of William Lynch. Mr. Lynch will leave within a short time for Sandusky, where he will remain at the soldiers' home. He has been head dipper at this plant for quite a long time, and his many friends are sorry to see him leave Sebring.

[Special Correspondence.]

Peoria, Ill., July 10.—The pottery in this city, operated by the Crown Pottery company, resumed operations Monday last, after a shutdown of only eight days. The biscuit kilnmen at this shop worked two days last week, while the glost kilnmen succeeded in making four days.

A number of repairs have been made in the green room at the Peoria shops. The boiler, which has been in a bad condition for some time, has also been repaired, and at present the shop is in good condition throughout. It is expected all departments will be operated full from now until Christmas.

All the operatives in this city are glad to learn of the settlement that has been reached between the manufacturers and the operatives. They are, however, of the opinion that the contract system should have been abolished, but as they do not know all the facts concerning the settlement of the differences at this writing they are satisfied that everything has been done to the best advantage.

Brother Hines, of East Liverpool, is visiting his parents in this city. He paid a visit to the Peoria shop a few days ago and then called on Walter McKee, who came from here from Wallace & Chetwynd's, several weeks ago. Hines addressed McKee as Pauline Hall, and asked if he had his dime. Now all the boys that heard the remark would like to know the joke. Hines will return to East Liverpool Friday of this week.

[Special Correspondence.]

New Castle, Pa., July 10.—The She-nango pottery will start to work next Monday. It has been shut down but a few days, closing on the Thursday before the Fourth.

Charger Gamble arrived here after spending a few days in East Liverpool visiting friends.

Albert Wood and family are spending a few weeks in East Liverpool visiting relatives and friends. They are expected to return to New Castle in a few days.

P. Gollner has resumed work after a three days' loaf.

The New Castle China works has resumed operations after a few days' rest, and the outlook for a long run at this shop is most promising. The warehouse girls at this shop were compelled to work at nights so that they could get off on the Fourth.

After a shut down which lasted but two days the New Castle sanitary shop has resumed operations. The shop will be run steadily, as the company has sufficient orders on hand to keep the entire force employed until the New Year.

William Gamble, better known as "Charger," will move his household

goods to New Castle from East Liverpool about the last of the month. He has an excellent position with the New Castle Sanitary Pottery company.

A new set of by-laws has just been adopted by local No. 54, of this city. The laws are much better for the "good of the order" than those which have been in vogue for some time.

A force of workmen, in charge of Foreman Charles Zeek, of the General Fire Extinguisher company, of Warren, O., is fitting up the new additions of the C. C. Thompson pottery with automatic sprinkling apparatus. When this work is finished they will put in 2,100 at the Laughlin No. 3 plant, also at Vody's, East Liverpool Pottery company, Dresden, National and Edwin M. Knowles at Chester, aggregating 10,000 sprinklers. The devices have been in use in this city for four years. Knowles, Taylor & Knowles first adopted them and they have been generally adopted. Their presence in the plant greatly reduces the insurance rates. In case of fire the extinguisher is so arranged that a melting process takes place from the heat, also giving an electric alarm. The water then flows through the pipes into the sprinklers and the water is spread rapidly throughout the entire building.

While nothing has been heard for several weeks concerning the scheme to form a working arrangement between the Summit China company, the Akron Pottery company and the Niles Pottery company, the matter has not been dropped entirely. It has been learned that the matter will be revived at no distant date, and the chances of it being put through this time are unusually bright. No time, however, has been set for a meeting of the parties interested to close the deal, but it is thought a conference will be held very soon.

The Niles pottery, operated by the Bradshaw company, lost but one day this summer, and that was on July 4, when the shop closed down for the day. Theodore Bradshaw, who was in the city yesterday, and who came here to attend the special meeting of the manufacturing potters which was held Tuesday afternoon, stated that the shop was being operated full in every department, and that business with the company was very good.

The dippers at Laughlin No. 3 resumed work yesterday, and this morning all departments in both shops started to work. As this company is now being favored with an excellent business, the several plants of this concern will no doubt be kept in full operation until the first of the year. The saggermakers at No. 3 have been working since last Monday, having lost but two days, Friday and Saturday.

The work of building a new glost kiln at the Cartwright plant is progressing rapidly, and when completed, which will be some time in August, it will have cost in the neighborhood of \$1,500. The kiln will be 16.6 feet in diameter and will replace one of the oldest kilns in the kiln department, No. 1.

Down in Cambridge, a town that has gone dry, the thirsty element has heard that a number of laws passed by the last legislature have failed to stand the test to which they were subjected in the supreme court, and will attack the Beal local option law in the hope of rendering it inoperative.

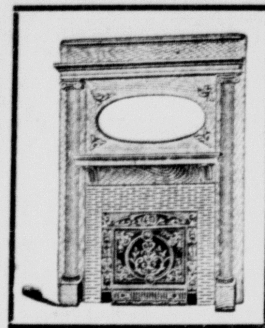

There seems to be a shortage of frame fillers in this city, and a number of saggermakers report that they have been unable to turn out as much.

When Quality Can be the Only Argument.

When different makes of the same article sell for the same price, then quality is the only argument that can usually influence your trade. The price of soda water, good, bad and indifferent is the same all over town, so that we can't talk about that, but we believe we have a most convincing argument when you consider quality. Our Grape Phosphate seems to be the most convincing convincer we have.

work as they desire on this account. It is said that no less than a dozen frame fillers could find employment in this city at present.

The new sanitary price list which was adopted at a recent conference of the manufacturers and the National Brotherhood of Operative Potters at Trenton has gone into effect. The concessions contained in the list will give the men an average increase in wages of about 8 per cent.

L. K. Force, of the Summit China company, of Akron, returned home last evening. Mr. Force says his company is erecting a new biscuit kiln. He is well pleased with the outcome of the late conference.

Work was commenced at the Cartwright pottery Tuesday afternoon, when the kindraders started to work. It is the intention of this firm to operate the plant in full commencing next Monday.

The National has resumed, and a present the firm is so rushed with orders for decorated ware that three printers are now at work. This plant will be in full operation in a very short time.

Homer McCartney, a frame filler at Laughlin No. 3, will leave this week for Wichita, Kan., where, it is said, he will be married. He will be gone for about six weeks.

Neal Button, the well known kilnman, of Market street, has resumed his duties at Laughlin No. 1, after an outing at Atlantic City.

"The Navarre," the new shape of the Taylor, Smith & Taylor pottery, Chester, will be ready for shipment by August 1.

The handlers at the Harker pottery will not resume work until about the middle of next week.

Will we get through in a week ?

No, but we believe we can get far enough along that we can have

OUR OPENING THE WEEK FOLLOWING

There are thousands of people anxious to see the inside of the undoubtedly finest Merchantile Block between Pittsburg and Cleveland.

At our opening we intend giving you all a chance.

So we'll only put in enough stock to show what the store is intended for.

We also wish to avoid asking you to participate in the unpleasant jams generally met at openings.

Hence on 3 afternoons from 1 to 6 we will not attempt to do business but will be

At Home to the Public

On the first day we will ask all the people whose surnames begin with any of the letters of the alphabet from A to G, inclusive, to come.

On the second day those whose names begin with H to M, inclusive. The third day the remainder of the alphabet will be welcomed.

This we believe will avoid undue crowds on the street cars as well as in the store.

Now as to Souvenirs

We found we could not do anything for less than \$300.00.

This is considerable for dainty trifles half of which would be broken before you reached home.

So on studying the matter we decided that instead of giving away Souvenirs we would distribute \$300 to the religious bodies and hospitals of this city and vicinity.

We will give the money, but we want you to decide where it shall go. So we will ask all adult persons who attend the opening to register their name and preference of object.

Then a committee will count the names and distribute the money, not to any one object, but PRO RATA among all those voted for.

Almost everyone is interested in some church or the hospital so we believe this plan will meet with general approval.

EAST LIVERPOOL LOST THIRD GAME

Six Innings Only Were Played at Johnstown Yesterday on Wet Grounds.

THE CONTEST WAS CLOSE

And the Score Stood 3 to 2—Today the Crocker City Giants Will Battle With the Famous Homestead Team.

East Liverpool lost the third of the series to Johnstown yesterday afternoon, but as in Tuesday's game, it was by a narrow margin, the score being 3 to 2.

The first game was credited as having been one of the fastest of the season. Every game was closely played, and until the third man was out in the last inning of each game it was not known which team would be victorious. Johnstown fans are of the opinion that the Crocker City has one of the strongest amateur teams in the country, and they are not mistaken.

Why it is that the locals wait until they leave the city to show their skill at the national sport is a question hard to answer. They have done the same thing for years.

Owing to wet grounds the game yesterday was only six innings in length and had they played the game out it is hard to tell who would have been victorious. The field was very muddy and the ball was handled with difficulty by all. McShane pitched for East Liverpool, and under the circumstances all that could be expected. Maag got another error, but it was due solely to the condition of the grounds. He came to the front with two hits, one put-out and two assists. Godwin strengthened the team as usual, making a run and two hits in the few innings played.

A Johnstown correspondent states that Williams had the local team at his mercy, but from the number of hits made it looks as if the correspondent is a little off. He also spoke of Gander's fast work at short. It may have been fast, but he mixed a pretty little error in it.

The locals play at Homestead this afternoon and on tomorrow and Saturday afternoons. Homestead has a great team, and if the home boys do as well with them as they did with Johnstown, the local fans will be for them, right or wrong, forever.

DEFENCE OF COASTS.

TWO DISTINCT SETS OF MANOEUVRES TO OCCUR.

One Purely Naval—Other Army, Militia and Naval Combined.

Mimic Warfare.

Washington, July 10.—Beyond a general idea of the character of the army and naval manoeuvres which will take place on the Atlantic coast this summer, nothing bearing official authentication is obtainable in either the navy or war departments. But from a high official source a general sketch of the exercises has been obtained. There are to be two distinct sets of manoeuvres. The first will be purely naval and will consume probably the first three weeks of August. Two, or perhaps three, vessels belonging to the North Atlantic station will represent an enemy's fleet and will attempt to elude a defensive squadron, commanded by Rear Admiral Higginson, and accomplish a landing at some point on the New England coast inside of limits not yet prescribed. The duty of the defending squadron will be to send out scouts to stop the "enemy's" vessels before they can reach the coast. The vessels participating in these manoeuvres will include the battle ships Kearsarge, Alabama, Massachusetts and Olympia, comprising the North Atlantic squadron, as well as the Montgomery, Scorpion, Marblehead, Hist and such other vessels as can be spared at the time. At these naval manoeuvres the officials hope to experiment with wireless telegraphy if suitable arrangements can be perfected in time, and it is said there also will be experiments in coal mining ship, transporting supplies and other comparatively minor features of naval warfare.

Further general details of the naval manoeuvres, such as the commander of the "enemy's" ships and the division of the vessels into defenders and invaders, are not to be had at yet.

Army to Help Defend.

The second and more important set of summer manoeuvres will consist of a naval attack on a point on the North Atlantic coast by a supposed hostile fleet, which attack is to be met by a joint defense by the army and militia, assisted by a small number of naval vessels detached for the purpose from the North Atlantic squadron.

Active preparations are in progress by the army.

It has been determined that the attack will be made between New Bedford, Mass., on the east, and the eastern defenses of Long Island sound. This will include the artillery district of Narragansett, commanded by Colonel Henry C. Hasbrouck, and the district of New London, commanded by Lieutenant Colonel J. M. K. Davis. The Narragansett district includes Forts Adams, Wetherill and Greble Rhode Island, and Rodman, Mass. The New London district is composed of Forts Trumbull, Conn.; Mansfield R. I.; H. S. Wright, Michie and Terry New York.

Must Find Point of Attack.

Within the radius of the operation the army will have no notice of where and when the attack will be made. The army must find that out for itself. The signal corps will be utilized for this purpose, as well as all telegraph and telephone stations along the coast. The navy will take every precaution to conceal the point of attack and the army will do its utmost to find out just where the fleet will approach the coast and also at what time.

Owing to the secrecy to be maintained by the navy the troops in the different forts will be kept in a state of readiness either for a day or night attack.

Will Take Over Road Tomorrow.

Columbus, July 10.—Arthur E. Apsey, of Boston, the head of the Apsey electric railway syndicate, announced here yesterday that the Columbus, Buckeye, Lake and Newark Traction company will secure the Newark and Granville electric road on Friday, when the formal transfer of the property is to be made. The new road will be operated in conjunction with the Buckeye Lake line.

CAN'T RECALL FRIARS.

Vatican Replies It Would Put Holy See In Conflict With Spain.

CAN'T RETURN TO PARISHES.

The Note to Judge Taft They Shall Not Go Back Where Their Presence Would Provoked Trouble. Received Last Night.

Rome, July 10.—The answer of the vatican to the note of Judge Taft, governor of the Philippine islands, concerning religious affairs in the archipelago, which was handed to Cardinal Rampolla, papal secretary of state, July 3, was delivered to Judge Taft at a late hour last night.

The answer contains the following in part:

Portion of the Reply.
The answer is compiled in the order of Judge Taft's note of July 3. First comes the note which says that all the studies of the vatican were centered to render more clear, more precise and definite the conditions between the holy see and the Philippine government. In fact, the note begs that if something further with this intent can be proposed that it be freely expressed, adding it would be considered with great pleasure. The introduction proceeds in this tone until it comes to the question of the recall of the friars. It then says the vatican cannot accept the proposition to recall the friars within the fixed period. Such recall not being justified by reasons of Force Majeure, it would be contrary to the rights guaranteed by the treaty of Paris and would put the holy see in conflict with Spain. It asks:

"If the United States cannot order the withdrawal of the friars, how can the pope do so, especially when it has been proved that all the accusations made against them were partly false, partly exaggerated and partly incorrect?" However, the vatican promises that if it will try to introduce into the Philippines clergy of other nationalities, especially Americans, gradually as they are found ready or are adapted for the purpose.

Shall Not Return to Parishes.

The note agrees that the friars shall not return to the parishes they left and where their presence could provoke trouble.

The note ends by saying that the pope is willing that the school question in the Philippines be not insisted upon now, but that his holiness hopes his representative in Manila may have an understanding with Judge Taft on this point, which is of capital importance in a country almost exclusively Catholic.

UNITED STATES WILL PROTEST.

Complaint Made of Unwarranted Course, in Cases of Gaynor and Green.

Washington, July 10.—The extradition case of Messrs. Benjamin D. Green and John F. Gaynor, for removal from Canada to the state of Georgia for trial on charges of misappropriation and embezzlement of over \$2,000,000 in connection with river and harbor improvements at Savannah, Ga., which has been sought for some time by the United States, will take on a diplomatic phase in a few days, when Secretary Hay communicates to the Canadian government the view of the officials of our department of justice that the Canadian authorities are pursuing an extraordinary and unwarranted course in the cases.

The delays and embarrassments in the extradition proceedings resulted in Mr. Marion Erwin, special assistant to the attorney general, who has been in active charge of the extradition proceedings for the United States transmitting to the attorney general under date of Montreal, July 7, a special report on the case, in which he calls attention to the fact that the lawyers of Messrs. Green and Gaynor are closely connected through personal and family ties with the Canadian officials to whom this government must look for extradition of the men whose custody it seeks.

Mr. Erwin, in his report, in part says that prior to instituting the extradition proceedings he was put on notice that the fugitives had just taken refuge at Quebec, for the purpose of resisting extradition, and that they had employed as their counsel the firms of lawyers, to which belonged the highest officials of the Provincial and Dominion governments. He said that he was thus precluded by the position taken by them, from conferring with the law officers of the crown. He therefore retained two attorneys of the Montreal and Canadian bar, who have ably assisted him.

The report is quite large and treats on different phases of the situation and makes complaints on different points.

Vessels Can Use Oil as Fuel.

New York, July 10.—The new twin screw steamship Nebraska, of the American-Hawaiian Steamship company, arrived in port last night from Philadelphia. The vessel is one of three sister ships, the other two being the Nevada and the Texas. All three vessels are fitted with furnaces in which either oil or coal can be used as fuel. These vessels are the pioneer oil burning steamships built in the United States.

Hay Fever.

This aggravating form of catarrh always appears at about the same time every summer, and sufferers from the disease will be glad to know that there is an absolute cure for hay fever. BLOOD WINE regularly taken prevents the formation of the catarrhal secretion, and tones up the whole system to a normal condition. It is the only remedy which can be relied on. For sale by

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia and liver troubles, that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, dispondent feelings, sleeplessness—in fact any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try one bottle first. We have never known of it failing. If so something more serious is the matter with you. Ask your oldest druggist.

CURES WEAK MEN FREE

Insures Love and a Happy Home For All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp, Medical Co., 1604 Hull Bldg. Detroit, Mich., and he will gladly send the free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from his daily mail show what men think of his generosity:

"Dear Sir:—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sir:—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sir:—Yours was received, and I am in trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain sealed envelope. The receipt is free for the asking and he wants every man to have it.

MITCHELL IS CONFIDENT.

In Address, So Expressed Himself as to the Outcome of the Strike.

Wilkesbarre, Pa., July 10.—In an address yesterday before the 200 delegates of District No. 1, in convention at Nanticoke, President Mitchell, of the Mine Workers' union, said that he had never participated in a strike in which he was so confident of success.

This statement by the miners' chief was greeted with great applause. The national president severely criticized the Citizens' Alliance organizations which have been formed in Scranton and Wilkesbarre for the purpose of prosecuting all persons who boycott or otherwise intimidate men who are still working in the mines or their relatives.

DIED OF BULGER'S SHOT.

Supposed Cause of Latimer's Death Wife Preterated.

New York, July 10.—Albert O. Latimer, the stationer, of this city, who was shot, it is supposed, by a burglar at his residence in Brooklyn, died in a hospital last night. The shooting took place a week ago yesterday, at 7 o'clock in the morning. Mr. Latimer died without being able to make a connected statement as to the visit of the burglar. Mrs. Latimer told how her husband grappled with the intruder and was shot. After the snooting a bicycle lamp, a pair of felt-soled shoes and a cap were found in the room, but the police have been unable to find any trace of the burglar. Mrs. Latimer is the same hospital in which her husband died, and is said to be very ill as a result of the shock of seeing her husband shot down.

EASILY DECIDED

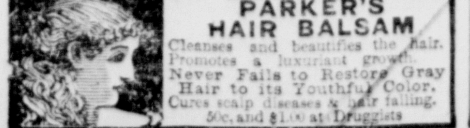

The Question Should Be Answered Easily By East Liverpool People. Which is wiser—to have confidence in the opinions of your fellow citizens or depend on statements made by utter strangers? Read this:

Mr. Charles Smith, of 198 Fourth street, letter carrier, says: "I contracted cold which settled in my kidneys and caused such severe pain across the small of my back that I could scarcely get around my trip. I thought it would wear off, but as it did not, but grew worse, I got Doan's Kidney Pills at the W. & W. pharmacy, and took them. The result was the pain soon left me, and I am all right again."

CLOSE GATES SUNDAY

St. Louis Fair Directors Must So Agree or Commission

WILL GET NO PAY OR EXPENSES.

Comptroller of the United States Treasury So Decided—Provision In \$5,000,000 Appropriation Act So Provides—Commission Paid to June 1

Washington, July 10.—The comptroller of the treasury yesterday decided that the salaries and expenses of the Louisiana Purchase Exposition commission could not be paid until the provision of the act appropriating \$5,000,000 for the exposition which requires "as a condition precedent that the directors shall contract to close the gates to visitors on Sunday during the whole duration of the fair," is executed.

The salaries and expenses of the commission were paid to June 1, when the section referred to above was added to the attention of the secretary of the treasury. He asked the comptroller for his opinion July 3.

LUTHER LEAGUE OF AMERICA.

Convention Began at St. Paul—Constitution With C. E. Society For Supremacy.

St. Paul, July 10.—The national convention of the Luther League of America began here yesterday.

The chief topic considered was the contest for supremacy between the Luther League and the Christian Endeavor society. The latter society has been well organized for some years in many Lutheran congregations, and the chief aim of the body now in session here is to replace such societies with branches of the league.

W. C. Stoeber, of Pennsylvania, president of the national league, read a report of the past two years' work. In the absence of Treasurer Dinkley, of Rochester, N. Y., his report was read by Mr. Hartranft, of Philadelphia.

Statistical Secretary Charles K. Hinton, of Columbus, O., reported a total membership of 34,305, of which 6,677 are in New York, 6,500 in Pennsylvania, 1,575 in Wisconsin, 2,155 in Ohio and 3,100 in Illinois.

CITY SECTION Y. M. C. A.

First Day of Convention Began With Bible Classes—Some Persons Who Spoke.

Silver Bay, N. Y., July 10.—The first day of the city section of the Y. W. C. A. began with the Bible classes taught by Don O. Shelton, Miss Caroline Palmer and Miss Mary McElroy, of New York city. At the city conference, presided over by Miss Mary Johnson, head of the city department of the American committee, Miss E. Hays spoke on new organizations and Miss Harriet Taylor on public meetings. Miss Taylor, who is the general secretary of the American committee, left yesterday for Geneva Switzerland. She is one of the 60 delegates to the second world's conference of the Y. W. C. A., which will be held July 24 to 28.

Robert E. Speer, of New York city, made the principal address yesterday on "The Reality of Sin." Dr. W. F. McDowell made the address at the vespers services.

Catholic Colleges Conference. Chicago, July 10.—Beginning with a pontifical high mass at the cathedral of the Holy Name yesterday, the fourth annual conference of the association of Catholic colleges was opened. Representatives of colleges and parochial schools in all parts of the country attended the session and took part in the discussion. Bishop Thomas J. Conaty, rector of the Catholic University of America, Washington, D. C., presided. Rev. John P. Quirk, president of the Loyola college in Baltimore, read a paper on "Intellectual and Moral Education in Catholic and Non-sectarian Systems."

STRIKE VIRTUALLY SETTLED.

Chicago Strikers Likely to Accept 20 Per Cent Increase—Lost Union Recognition Demand.

Chicago, July 10.—The strike of the freight handlers is virtually settled. Meetings of the strikers will be held today to ratify the action taken last night by President Curran, of the order, but, as he stated last night after a conference with the general managers of the railroads, that he agreed to their terms because a majority of his men were "going back" on him, there is little doubt that the terms will be accepted by the mass meeting of the strikers today.

By the terms of the settlement the strikers accept the schedule of wages offered them by the railroads July 1. This is an increase of 20 per cent. The attitude of the roads toward the freight handlers' union is the same as that maintained toward all local organizations of railroad men. The freight handlers demanded something that no other organization of railroad employees in Chicago had asked, and the managers announced that under no circumstances would they agree to this.

SEVEN DEATHS OF HEAT.

That Many Expired In Pittsburg and Vicinity—Number of Prostrations.

Pittsburg, July 10.—The following is a list of those whose deaths officially reported yesterday were due to heat:

Mrs. Bridget Reilly, 86 years old. Boundary street.

John Conuski, Woods Run, employed at the plant of the Pennsylvania Car Wheel company, in Preble avenue, Allegheny.

Joseph Chagelisch, of 1 Duncan street, Allegheny, 35 years old.

Mrs. Nannie A. Kent, a widow, 51 years old, of 225 Isabella street, Allegheny.

Infant Scott, 15 months old, of Twenty-third street.

Infant Finaki, 15 days old, at parents' home, Carnegie.

Robert Terpor, 45 years old, at his boarding house, 1410 East street, Allegheny.

There were 11 prostrations.

NEWS IN BRIEF.

Pittsburg.—The corner stone of the Sixth Presbyterian church edifice, being erected at Forbes and Murray avenues, will be laid tonight, an elaborate program of exercises having been arranged for the event. The exercises will begin at 6:45 o'clock with a foreword by the pastor of the congregation, the Rev. J. Shane Nicholls.

Pittsburg.—Ex-Warden Peter K. Saffell, of Allegheny county (Pa.) jail, began his suit yesterday for divorce from his wife, Kate Saffell, nee Kate Dietrich, who helped the Biddle boys get out of jail on January 30 last. The libel in the case was filed in common pleas court No. 3 on June 23 last. Judge S. A. McClung awarded the subpoena in the case. He names five correspondents, besides Edward B. Saffell.

Centrally located.

\$2500

Six room two story "L" shaped dwelling with front and side porches, good cellar; formerly used as a basement. Lot is 30 feet wide and runs through from Thompson avenue to Ravine street. High class residences in the neighborhood.

Inquire for Price.

A seven room modern dwelling with bay window, halls, bath room, hot and cold water, sewer connections, gas throughout, electric light, furnace. Lot lies perfectly level and front 30 feet on grassy lawn to the front. This property is on the west end of Sixth street and one of the few down town residences for sale.

High Class Residences

We have them in all parts of the city. They are generally occupied by their owners. For reasons that are obvious to all owners of fine properties they do not want general publicity made of the fact that their "home" property is for sale. These properties we are ever ready to tell you of on condition that you evince enough interest to make inquiry of us. You'll never get prices or particulars in our advertising columns of them. Don't think that we cannot suit you. Try us. Further, we'll save you money.

300 Dwellings For Sale.

Have you ever seen our mammoth For Sale List? If not call and get one, or send us your address and we will mail you a copy. When you come to us you have a selection of properties to choose from representing three-fourths of all the properties on sale in the city. We make it profitable to do business through us. Give us 20 minutes of your time; if we don't interest you, we'll say no more about it. We make terms of purchase to suit you.

HOME AFFAIRS.

Brief Notes of a Personal Nature and
of Matters About
Town.

Booked for the Races—Ikey Boy, Dr. Hawker and Robert L. will go to the Ravenna races after the Salem meeting. William Humber, of this city, will drive the nags.

Winding Up Fest Business—The Turners' executive committee meets tonight to wind up business of the turnfest, having postponed the meeting from Monday evening.

River Fireman Scalded—James Ward, of East Liverpool, fireman on the tow boat Maggie, was badly scalded by the explosion of a steam pipe. He was sent to Mercy hospital, Pittsburgh.

Departure Was Delayed—The Jr. O. U. A. M. excursion from Rochester, Pa., yesterday did not get away from the city until 9:30 last night, and they were a very tired appearing crowd on account of the long wait for their train.

Train Was Delayed—The second section of train No. 316 was delayed an hour and a half last night by the blowing out of a cylinder head of the engine at a point out the main line. The first section was run from Wells-ville, taking passengers coming up the river division.

Very Successful Camp Meeting—The Free Methodist camp meeting of the Rochester (Pa.) district, which includes East Liverpool, held at Beaver Falls, just closed with 100 conversions. There were 70 tenters on the grounds and many thousands attended the meetings.

Insurance Money Paid—W. J. Curry, manager of the Roman Plastering works of the West End, has made a settlement with the Indiana & Ohio Live Stock Insurance company. He lost two horses in a fire not long ago, and it was for them that he received compensation amounting to \$150.

Excursionists Were Many—One hundred and twenty-five excursionists from this city took advantage of the Atlantic City excursion which left at 5 o'clock this morning. The party will remain 10 days. Many of the excursionists were well known potters taking advantage of the rates for a summer outing.

Reservoir Repairs Completed—The reservoir is now all completed with the exception of cementing the walks around the basins and sawing and sodding the grass around the walks. Both the old and new reservoirs are now filled with 19 feet of water each. The new reservoir has been in use for fully a month, and is pronounced strong and safe. The old reservoir was cleaned and concreted and now matches the new basin.

Township Trustee's Expenses—Township Trustee Albright has prepared his report for the month of June. It shows that \$30.28 was spent for the keeping of the poor by the township and that \$74.30 was expended for the same purpose for the county. The county report is about the same as the preceding month, but the township bill shows a slight decrease. Mr. Albright states that there are none depending upon him at the present time and thinks that the present month may be a record breaker for low expenditures.

THE SELLING OF STOCKS,

Wednesday, Evidently by the Speculative Element, Motive Being to Take Profits.

New York, July 10.—The selling of stocks yesterday was obviously by the speculative element which bought previously on the prospect of a rise, their motive being, of course, to take profits. Whether any actual developments bearing upon values were considered is not clear. But there were one or two considerations which might be construed against a further advance in prices. The marking up of St. Paul and New York Central, together with some of the soft coal stocks that were strong Tuesday is perhaps sufficiently explained as a measure of manipulation to facilitate the taking of profits elsewhere. Some of the high priced industrials worked higher on what had the appearance of investment demand. The proposed suit to enjoin the payment of a dividend on United States Steel common came in for some vigorous denunciation as to its motives by officials of the corporation, and the advance in the stock was apparently intended as a notice to opponents of a purpose to protect the stock in the market.

Of the factors making for the selling side, the continued heavy movement of currency to Chicago was an important one. Including a deposit of \$500,000 at the sub-treasury for telegraphic transfer to Chicago and shipments by express, it is said that about a million and a half went to that point from here yesterday. The exigencies of the corner in the July option in corn are supposed to account for the heavy movement.

Keeping Up With Fate.

DOVENER FOR CONGRESS

No Other Result Possible in the Convention Which Meets Today.

Attorney E. D. Marshall, a delegate from Grant district to the Republican congressional convention which was to meet at Wheeling this afternoon, left for that city this morning.

The Republican congressional convention of the First district met this afternoon at the Wheeling Park Casino and will go through the formality of renominating Captain B. B. Dovener. No other result is possible, as Dovener has sufficient votes to nominate without the aid of the contested delegation from Marion county. There will be two sets of delegates from Marion, and this fact is all there is upon which to base a departure from the cut and dried program.

The district executive committee met last night and made final arrangements for the convention. It will be called to order by Chairman S. G. Smith, who will name Frank W. Nesbitt as temporary chairman. Virgil L. Hyland, of Clarksburg, will be the temporary secretary. It is the program to make the temporary organization permanent.

QUARANTINE EXTENDED

A Full Dozen of Persons Must Await Outcome of Smallpox Case.

There are some 12 or 13 persons now on Middle run that are under quarantine. Health Officer Allison was in East Liverpool today looking for a competent nurse for Fitzpatrick, the smallpox patient.

A man who had been in the company of Fitzpatrick was taken from Chester yesterday to the temporary pest house and will be confined there for some time.

Horse Succumbed to Heat.

Hunter & Funkhouser, the street railway contractors, lost a valuable draft horse by heat yesterday. The grading on the line was completed today and the laying of rails will be completed by next week. Some delay is caused by the non-arrival of ties which are secured in the vicinity of Fairview.

Danced in a Barn.

A grand dance was held at the barn of Mr. Potts, near the Grandview school house. A large crowd was in attendance. Gallup brothers' orchestra furnished the music. The Chester young people got caught in the storm on their return and received a bad ducking.

Got \$2,300 Insurance.

Mrs. John Beck, mother of Byrd, killed in the Sheridan, Pa., disaster, received the insurance, \$2,300, from the Pennsylvania voluntary relief fund.

His Eye Badly Hurt.

Captain George Conn, foreman of

the yards at the Chester mill, had his left eye badly injured by a scale off of one of the pots flying and striking him in the eye yesterday afternoon. Mr. Conn returned to duty this morning, but his injury bothers him considerably.

Today's Picnic.

The Mt. Washington Presbyterian Sunday school, of Pittsburgh, arrived on a special train this morning at 10 o'clock. The visitors are putting in an enjoyable day. Base ball and other games are features.

May Lose an Arm.

Charles Smith, who is suffering from blood poisoning, may lose his arm, amputation being necessary. His condition is not improved and few hopes are entertained of his recovery.

Mill Idle Half a Day.

The condenser in the boiler at the Chester mill was broken yesterday at 1 o'clock, causing a suspension of operations until this morning at 5 o'clock.

CHESTER NOTES.

J. F. Height, of Carolina avenue, is on the sick list.

Mrs. H. S. Plankinton, of Carolina avenue, is quite ill.

Attorney Ingram was at Toronto on legal business yesterday.

Mayor Snader and J. E. McDonald returned from Parkersburg this morning.

Mr. and Mrs. St. Clair, of Carolina avenue, have returned from a visit to Legionville friends.

Mrs. Riley, of First street, left this morning for a six weeks' visit with Nebraska relatives.

Misses Rath Baxter and Daisy Bambrick have left for a week's visit with Magnolia, O., friends.

Allen McDonald is building a fine brick residence on the corner of Virginia avenue and Sixth street.

A dance was held at the home of Samuel Newlan, of Congo, last night, attended by many Chester residents.

Stephen Smith of the Taylor, Smith & Taylor pottery, has returned from a week's visit with Toronto relatives.

James McCullough and sister, Miss Nellie, of Phoenix avenue, returned yesterday from a visit with Coraopolis friends.

The high wind of last night shattered the panes in the front door of Rev. W. B. Ghills' home on Carolina avenue.

A four horse team stuck in the mud on Carolina avenue, near Height's store, last night, and was with difficulty gotten out.

Mrs. Jennie Swartz and daughter, of Third and Carolina avenue, leave tomorrow for an extended visit with Altoona (Pa.) friends.

A heavy rain last night damaged crops in the interior, and washed out a fill at the Middle run bridge. The traction line made temporary repairs.

W. W. Spivey and wife and Mrs. Mollie Shay and daughter, of Fairview, were attending the funeral of Mrs. S. S. Shay, at East Liverpool, yesterday.

Council will meet in regular session tonight. The most important matter to be taken up will be the Carolina avenue paving, and other streets which

are in a bad condition from the recent rains.

County Clerk Frank L. Bradley is making a transcript of the Good "rick" case, which will be argued before Judge Hervey shortly for an appeal.

J. H. Fowler, formerly of the Diamond hardware company, of East Liverpool, is the new proprietor of the hardware store opening upon Virginia avenue.

There are prospects of laying one of the New Cumberland branch freight crews over in Chester, traffic having become so heavy along the upper portion of the branch.

The M. E. Sunday school picnic passed off very pleasantly yesterday afternoon. After the dinner the scholars were treated to ice cream. Amusements occupied the afternoon outing.

NEW HARDWARE STORE.

J. H. Fowler has severed his connection with the Diamond Hardware company and has opened up a hardware store on Virginia avenue, Chester, W. Va. 161-r

EARNST MEETING OF COMMITTEEMEN

Republicans Make Preparations
For the County Primaries
on Saturday.

SUPPORT FOR MR. SPEAKER

The Organization Gives Unanimous
And Hearty Endorsement of His
Candidates—Effort to Be Made to
Get Out Full Vote.

Hon. Charles S. Speaker, candidate
for congress, was endorsed unanimously
by the city Republican central
committee at a most enthusiastic
meeting held in the city hall last evening.
There were 16 members of the
committee present and Chairman W.
L. Smith presided.

Pursuant to the resolution adopted
at the meeting of the county Republican
executive committee held
June 28, arrangements were completed
for the primary election to be held on
next Saturday afternoon between the
hours of 1:30 and 6:30, East Liverpool
time. The polling places of the several
wards were selected. They are given
in another column.

The members of the committee expressed
themselves as being confident
that the endorsed candidate will carry
the city unanimously. They, however,
showed some uneasiness in regard to
getting a full vote out. They urge that
every Republican voter in the city
make it his duty to support the candidate.

By order of the chairman each member
of the committee will do all within
his power during the intervening
time to have the entire vote polled. It
is of vital importance that every ward
turn out its full complement. The
candidate receiving the largest number of
votes in any ward is to be entitled to
name the delegates from the ward,
such delegates to be selected so that
each township shall have its legal representation
at the congressional convention
to be held in Salem on July 23.

OFFICER'S MACE STOLEN

The Man Who Took It Regarded It
as a Joke—Fined
\$2.30.

While in a restaurant enjoying a
lunch last evening Officer Frank Saulsberry
was the victim of a joke, but the
victimizer paid rather a steep price
for his fun. Before entering the restaurant
the officer threw aside his coat
and mace. When he returned the
coat was there but the mace was missing.
Upon investigating he found that
C. A. Clark, of Rochester, who accompanied
the excursionists to the city,
had picked up the club and was promenading
around, acting "cop." Clark
acknowledged taking the club, but
said that some one had taken it from him.

The officer could do nothing but
arrest Clark, and he was taken to the
city jail. He was arraigned before the
mayor this morning and stated he had
no intention of stealing the club. He
was released by paying \$2.30, which
amount will be required to buy another
one.

CHILD'S ARM BROKEN

Followed the Breaking of Her Hip
From Which She Had Just
Recovered.

Sarah, the 19-year-old daughter of
Mr. and Mrs. John Seaton, of West
Market street, met with a serious accident
while at play yesterday afternoon.
With other children she was jumping
off and on her father's delivery wagon
when she happened to make a misstep
and fell violently to the bricks, breaking
her arm.

Having just recovered from a six
months' confinement, the result of
breaking her hip, the accident is the
more deplorable.

THE OLDEST POTTER

Death of James P. Stephens, of Trenton,
40 Years in the
Business.

Trenton, N. J., July 10.—James P.
Stephens died at his home Tuesday
morning. He was born in Ohio March
26, 1849, and studied in the preparatory
school at Gambier, O., and later at
Kenyon college.

In 1862 he removed to this city and
became interested in the pottery business.
He became a member of the
firm of Stephens, Toms & Co. Later

the firm was known as Brearly &
Stephens. At the time of the incorporation
of the Greenwood pottery Mr.
Stephens was its president. After-
wards he became secretary and treasurer
of the Greenwood Pottery company.
He has served continually in these
positions forty years. Mr. Stephens
was the oldest continuous pottery
manufacturer in the United States.

COMPLICATED CASE

VALIDITY OF DIVORCE AND ANTI-
NUPTIAL AGREEMENT.

Questions Involved in a Suit for Dower
Rights to a Big
Estate.

Lisbon, July 10.—(Special).—
George Wyner, as guardian of Mary
A. Wernet, has a suit pending in common
pleas court against the children
of his ward's husband, William Wernet,
late of Butler township, for her dower
interest in his large estate.

The defense set up by defendants
was that Mr. Wernet had entered into an
ante-nuptial agreement with his wife
by which she was to receive \$5,000
and relinquish all claims on his estate
and that he procured a divorce from
her on the grounds of unfaithfulness.

Another suit entered today by Mr.
Wyner to recover his ward's dower interest.
He alleges that the time the
defense was granted a divorce Mrs.
Wernet was of unsound mind and that
her husband was aware of the fact and
fraudulently concealed it from the
judge; that divorce proceedings were
instituted simply to cut her out of her
interest in the estate. Mr. Wyner asks
that divorce be set aside and that his
ward be restored to her rights.

BEATTY-JACKSON

Well Known Young Couple Married by
Rev. C. G. Jordan Last
Evening.

William E. Jackson and Miss Minnie
M. Beatty were united in marriage by
Rev. C. G. Jordan at 6 o'clock last
evening at the latter's residence on
Sixth street.

The bride wore a becoming traveling
suit of blue cloth. George Jackson
and Miss Carl Hollinger acted as attendants.
Miss Hollinger wore a pretty
gown of white.

Immediately after the ceremony was
performed the young couple were driven
to the depot, where they took a train
for Pittsburg, Atlantic City and other
points of interest along the line. Upon
their return Mr. and Mrs. Jackson
will reside in this city.

The groom is a Sixth street merchant
and the bride a popular young lady.

TO OPEN SATURDAY

New Dollar Savings Bank Directors
Resolve to Begin Business Then.

The first meeting of the board of directors
of the Dollar Savings bank in their
new quarters was held last evening
in the bank rooms at the corner of
Sixth street and Broadway. In the
absence of chairs the members were
compelled to sit on store boxes and such
like. That, however, did not prevent
the board from transacting a large
amount of business.

It was decided at this session to formally
open the bank for business Saturday
morning. It was also decided to
make a number of other improvements
about the banking rooms, such as placing
blinds at all windows. An electric fan
will be placed in the room, and the
electric wiring is being done today.
There will not be for its size a neater
banking room in the city than that occupied
by the institution when it is opened
for business.

Will Not Lose Her Sight.

Pauline, the little daughter of Mr.
and Mrs. Warren, who had the misfortune
to severely injure her eye with a
fire cracker is much improved. The
Pittsburg specialist to whom she was
taken, states that while the vision may
be somewhat impaired, she will not
likely lose the sight entirely.

Clerks' Reception Tonight.

The retail clerks of the city will
hold their second annual reception and
dance at Rock Springs park this
evening. Some 300 invitations have
been issued. Guests from Wellsville,
Salem, Rochester and Lisbon will be
present.

Arranging For Labor Day.

A meeting of the committee of
trades council, having in charge the
Labor day picnic, held a short session
last evening. Matters pertaining to
the program of events of the day were
considered, and other routine matters
talked over.

WIND AND LIGHTNING WITH HEAVY RAINS HE LEAPED WILDLY FROM MOVING TRAIN

Numerous Instances of Minor
Damage Throughout the
City.

BIG ELECTRICAL DISPLAY

East Liverpool in Darkness for an
Hour—Power Shut Off to Avert
Possible Danger—Trees Broken
Down And Windows Shattered.

The terrific wind that accompanied
the rain storm of last evening played
havoc in different portions of the city.
The branches of numerous trees were
blown to the ground; brick chimneys
were wrecked and scores of window
panes were shattered.

At the city hall a little damage was
done, the wind blowing the front door
shut so hard that the glass was broken
into smithereens. Several of the city
officials were sitting near at the time,
and narrowly averted injury, the flying
glass falling over them.

For about half an hour during the
storm the city was in total darkness,
but after that time matters were in
better shape. As soon as the officials
of the power company saw that the
lightning gave promise of being quite
sharp and severe, the power in the arc
machines at the power house was shut
off to save trouble, not only to the
wires about the city but to the machinery
about the power house. The move
was a wise one, and no doubt saved the
company many dollars. When seen
today officials of the company stated
that the storm had caused them no inconvenience
other than having to shut off the
arc lamps for a time.

Numerous trees were wrecked by
the wind and a few were struck by
lightning.

The electrical display during the
storm was one that has not been
equalled in East Liverpool for some
time. For several minutes the heavens
were glittering with the beautiful
streaks and sprays. That no serious
damage was done in the city is considered
marvelous. It seemed that every
portion of the city was struck, but as
yet no reports have been heard of a
destructive nature other than slight
damages to telephone and telegraph
wires, which are always troubled in a
storm of this kind.

There were two heavy falls of rain,
the first occurring shortly before 8
o'clock and the second between 9:30
and 11.

SEIZED WITH PARALYSIS AT A LODGE MEETING

George Mountford, who resides on
Lincoln avenue, was stricken with a
paralytic stroke while in attendance at
the meeting of the Sons of St. George
last night, causing much excitement in
the lodge room. He was conveyed to
his home by carriage, and on arriving
there suffered a second stroke, accompanied
by a severe hemorrhage. Dr.
Brindley, of West Market street, was
called, and rendered all aid possible,
but gave no hope of Mr. Mountford
surviving the shocks.

Mr. Mountford is a well known turner
and pottery worker, having been
employed for a number of years by the
East Liverpool Pottery company,

Man Whose Wife Committed Suicide

BRAIN TURNED BY TROUBLE

Passengers on a C. & P. Train Saw
John Eckhardt Acting Wildly And
He Made a Desperate Leap from
the Car at Cleveland.

Passengers who came to this city on
the down train yesterday afternoon noticed
a passenger who appeared wild
and uneasy. To some of them he
talked of the cause of his trouble. He
said his name was John Eckhardt and
that he was on his way from Allegheny
to Cleveland, where his young wife
had committed suicide.

A dispatch from Cleveland states
that just as the C. & P. train was pulling
into the passenger station in that
city, Eckhardt jumped through the
window of the toilet room and ran
rapidly down the track. He was soon
arrested, and asked to be protected
from a crowd of men that he said
were following him.

Family trouble had evidently turned
his brain. He talked very wildly. He
said the people who told him his wife
was dead were lying. He is said to
be from Canton. A young woman,
known as Bessie Thompson, who committed
suicide Tuesday night, taking
laudanum, was his wife, but did not
live with him. He is in the county jail.

DISTANCED THE CAR

Dog Made a Round Trip And Street
Car Couldn't Keep
Up.

Dennis Hickey, of Second street, has
a dog that has developed the peculiarity
of running ahead of the East Liverpool
street railway cars. Yesterday, it is
said, the dog made the round trip to
Wellsville, and also to the East End
and return.

The best efforts of the motorman
failed to distance him.

GOES TO THE BOYS' SCHOOL

A Bad Boy at East Rochester Sent to
the Institution at
Lancaster.

Lisbon, July 10.—(Special).—
Sheriff Leonard today took Lewis Haw-

kins, aged 13, to the boys' industrial
school at Lancaster, O. Lewis was
sentenced to the school some time ago
but Judge Boone suspended sentence
and gave him a trial with Grant Walker,
of West township. He remained
two days and returned to his home at
East Rochester.

CHANGED TO SORROW

JOYOUS PICNIC PARTY BECAME
A CROWD OF MOURNERS.

Child From Martin's Ferry Drowned
at Brown's Island—Her
Sisters Fainted.

In the twinkling of an eye the joyous-
ness of a merry party of Sunday
school excursionists was transformed
to profound sadness on Tuesday. In
the midst of the merry making of the
children a tragedy occurred at Brown's
island below Toronto, ending the life
of nine-year-old Lillian Smith, daughter
of Martin's Ferry.

The excursion was the Sunday
school picnic, given by the First Baptist
church of Martin's Ferry, to
Brown's island, on the City of Wheeling.
The little girl, with a party
of her playmates, was sitting on a camp
stool on the lower deck of the steam-
boat which was moored on the island
landing. The stool was near the edge
of the boat. Someone called the child
and in response she jumped up. As
she did so the stool fell, tripping her.
The child fell head long into the water.

Every effort was made to rescue the
girl, but the current drew her under
the boat, and she never came to the
surface. The scene of sorrow caused
by the tragedy beggars description. After
it was seen that the body could not
be found the boat left for Martin's
Ferry. A stop had to be made at the
wharf on account of the condition of
the two surviving Smith girls. They
were still unconscious, and medical
attendance was secured for them, the
physician accompanying them to Martin's
Ferry. When Martin's Ferry was
reached they had to be carried to the
family home on stretchers.

EARL NORAGON DEAD

SON OF THE EX-SHERIFF DROWNED
AT CAMBRIDGE, O.

He Was Swimming in the Creek When
Seized With an Attack
of Cramp.

Lisbon, July 10.—(Special).—
Earl Noragon, the 16-year-old son of
ex-Sheriff S. D. Noragon, was drowned
Tuesday while swimming in Wills
creek at Cambridge, O. He was at-
tacked by cramps and sank in 16 feet
of water. The body had been recovered
at last accounts. He went swim-
ming with another lad, who informed
his parents of his sad fate.

Young Noragon was employed in the
carpenter department of the C. & M.

Cow Causes a Lawsuit.

W. J. McDonald is plaintiff and
Adolphus Appley is defendant in an
unusual case that is to be heard in
Squire McCarron's court. Appley
owns a thoroughbred Jersey cow. It
seems that this animal has a mania
for the consumption of garden truck.
At least that is what McDonald al-
leges. He states that the cow was
loose and found her way into his gar-
den, eating and destroying beets and
sweet peas to the amount of \$2.25. At-
torneys have been employed by each
and the case promises to be one of
interest.

Reunion of Eighth O. V. I.

The survivors of Company E, Eighth
O. V. I., of East Liverpool, about 40 in
number, have received notice of a re-
union of that Spanish American war
regiment, to be held at Stanton park
July 17 and 18. The Jefferson County
Soldiers' association reunion will take
place on the same date. A number of
the Eighth boys have signified their in-
tention of attending.

Preparing for Camp Meeting.

The old historic Hollow Rock camp
meeting ground in Saline township,
Jefferson county, will be fixed up and
repairs made to the buildings, which
were damaged by the recent flood. The
annual camp meeting under the East
Ohio M. E. conference, will be held
in the month of August.

An Enjoyable Picnic.

The children and older members of
St. Stephen's church spent an enjoy-
able time, picnicking, at Thompson
park yesterday. Basket lunches and
numerous games were features.

Leg Broken While Boxing.

A LONG SESSION NOT NECESSARY

Unless Some Hitch Occurs the Leg-
islature Can Finish
Work Speedily.

TWO WEEKS LONG ENOUGH

Especially as the Assembly Members
Must Pay Their Own Railroad
Fares And Will Be Allowed No Ex-
tra Mileage.

Columbus, July 10.—(Special).—Now
that Governor Nash has fixed the time
for the legislature to come to Colum-
bus, several interesting questions have
been raised, the most important being
What will the lawmakers do when they
get here? It is generally understood
that there is nothing expected of the
legislators in extra session but the en-
actment of a home rule form of gov-
ernment of Ohio cities and a repeal or
repair of the Rorer supreme court law.

The governor has no power, how-
ever, to limit the amount or kind of
business to be transacted, and there is
no telling what will happen when the
members get their coats off and ready
for business. If what the weather
man says about it is true, there will
be some awfully hot days during the
latter part of August and early Septem-
ber. There is nothing to prevent the
enactment, however, of a number of
bills of all kinds and classes of sub-
jects. It will take some time also to
get a code bill through, as it will be
remembered that the governor has not
full control of either branch of the
legislature, as at present organized.

All the members are by no means in
accord with the idea of an extra ses-
sion. Their railroad passes have all
run out and they will not receive any-
thing from the state as mileage. This
question was settled at the time of the
special session during the time Gov-
ernor Campbell was obliged to call the
legislature together. Auditor E. W.
Poe ruled that he had no authority in
law to issue his warrant for mileage
and he did not. W. D. Guilbert, the
present auditor, was at that time chief
clerk in the office, and advised Mr. Poe
to this action. It is hardly likely that
he will reverse himself at this time.
This is another indication that the ses-
sion will be a short one.

Unless complications arise and un-
less there is a hitch on the code bill,
which the governor hopes to have in
shape, it is thought that all the extra
business can be completed in two
weeks.

OIL WELL NEAR CHESTER

Wildcat Operations Near Lawrence-
ville—Notes of the
Field.

A new oil well has been located on
the Kinney farm, near the Lawrence-
ville field. The company is headed by
Frank Chapman, of Marietta, and
Pittsburg parties. McCoy brothers, of
Chester, have the drilling. This is the
first well to be drilled in this section
close to Chester, and if it proves good
will open up many new developments.

In the Carson pool, an extension of
the old Turkeyfoot development, the
Belmont Oil & Gas company has drilled
its test on the Wesley Herron farm
through the sand and has a small
pumper. Galey Bros. have completed
a second well on the James Ramsel
farm and have a duster.

WEEDDED LAST EVENING

George Kinney and Miss Alice M. Lis-
ter Made Man and
Wife.

At the Christian church parsonage,
last evening, Rev. J. W. Gorrell married
George Kinney and Miss Alice M.
Liston.

The bride wore a very pretty gown
of white lawn. Miss Kinney, a sister
of the groom, and Mr. Wood, acted as
attendants.

The groom has been employed in the
Dresden pottery, while the bride was
employed in an East End plant.

Grand P. H. C. Picnic.

The combined Protective Home Cir-

EAST END

LITTLE DAMAGE DONE

Though the Rain of Last Night Was Heavy in the East End.

The heavy rain of last evening passed over the East End and no damage was caused either to property or to factories, save in one instance, and the damage in that particular case will be but slight. The run, extending from the Andrews farm, was at a flood height during the night, but this was a good thing, as it cleaned all "goat food," tin cans, paper and the like from the run. Several telephone wires at the corner of Mulberry and St. George street were blown down by the high wind, but the necessary repairs were made this morning. At the Laughlin pottery No. 2 some repairs were commenced to the roof of the plant yesterday and the carpenters did not complete their work last evening.

As a result rain came through the several openings in the roof, but as there was no ware stored under the openings there, no damage was caused, other than some inconvenience to the workmen. Their roof will likely be repaired today and the shop will resume work in the morning.

AROUND THE HORN

Big Shipment of Sewer Pipe From the East End Started for Manila.

The order for a large amount of sewer pipe that was received at the East End plant of the American Sewer Pipe company a few weeks ago for shipment to the Philippine islands, has been filled and the pipe is now on the water, bound for Manila. Supt. T. F. Anderson this morning said that it would take a long time for the order to reach its destination and that he did not expect it to reach the orient much before the middle of December, as it was going around the Horn.

The original order was for six cars, and each piece of pipe had to be marked as to consignee and destination.

Frank Chambers was a Pittsburg visitor today. He will return home this evening.

Herman Supple, of the East End, who has been visiting old playmates at Lisbon for several days, returned to his home yesterday.

Thomas Finley, of the East End, who has been visiting relatives at St. Mary's W. Va., for several days, has returned to his home.

A number of people who were members of the Exposition Carnival company, who have been remaining in the East End until the several civil cases against the company are settled, expect to leave for their homes about tomorrow. They have been boarding on Pennsylvania avenue.

THE SENATORS VISIT STONE.

Both Said It Was to Pay Respects to the Governor.

Harrisburg, July 10.—Senators Quay and Penrose arrived in Harrisburg yesterday afternoon and were met at the station by Governor Stone's private carriage, driven to the executive mansion, where they were to stay until they leave today for Philadelphia. The presence of the senators was believed to be for the purpose of discussing the plans for the gubernatorial campaign, although neither would discuss their visit except to explain that it was to pay their respects to the governor.

When Mr. Quay left Harrisburg the day following the recent Republican state convention he sent word to the executive that he would visit him before going to the Maine woods on his summer vacation, and his presence here yesterday is a fulfillment of that arrangement. Attorney General Elkin, whose candidacy for governor was opposed by Messrs. Quay and Penrose and advocated by Governor Stone, did not meet the senators.

Governor Stone was asked last night the purpose of the visit of the two senators and replied: "Senators Quay and Penrose are here on a social visit. Of course, we are talking politics. We are all for the Republican ticket."

Knox to Go to Paris.

Washington, July 10.—It was definitely announced at the department of justice yesterday that Attorney General Knox would go to Paris in connection with the ascertaining of the legality of the titles of the Panama Canal company property before negotiations for its sale to the United States government are begun. Mr. Knox, it is understood, will sail from this country by Aug. 1.

Great Growth of the Industry As Revealed by Census Figures.

TEN YEARS OF PROGRESS

Capital Invested And Products Doubled During the Decade 1890 to 1900. Statistics of Great Interest in This Locality.

There has just been completed and published by Hon. William R. Merriam, director of the recent census, a complete bulletin relating to the manufacturing of clay products. The report is presented in 18 different tables, showing the comparative summary of clay products at the census of 1890 to 1900. In drafting the schedule care was taken to preserve the basis of comparison with prior censuses. The following detailed report relating to the industry in this city will be read with interest:

1890—Number of establishments, 39; capital, total, \$1,292,845; value of plants, \$2,281,164; cash and sundries, \$2,911,681; proprietors and firm members, 17. Salaried officials, clerks, etc.: Number, 251; salaries, \$265,167. Wage earners, including piece workers and total wages: Average number, 3,908; wages, \$1,855,119; miscellaneous expenses, \$187,839. Materials used: Total cost, \$1,168,982; clay, \$218,786; fuel, \$299,213; miscellaneous, \$581,993; packing materials, \$158,990. Products: Total value, \$4,165,290; Yellow and Lockington ware, \$98,034; C. C. or cream colored ware, \$721,219; semivitreous porcelain ware, \$1,858,126; porcelain electrical supplies, \$142,447; porcelain door knobs, \$106,333; all other pottery products, \$51,211; terra cotta, fire and other clay products, \$38,479; all other products, \$1,888. Machinery and kilns: Pottery—Disintegrators, 77; agitators, 73; slip pumps, 65; lawns, 44. Clay presses: Iron, 65; wood, 3. Pug mills: Regular, 36; sagger, 31; wad mills, 32; jiggers, 221; all other machines, 191. Kilns: Updraft, 163; down draft, 10. Muffle: Decorative, 73; all other kilns, 2. Terra cotta, tile and brick, clay grinding machines, Dry pans, 31. Clay tempering machines: Pug mills, 1; wet pans, 2. Molding machines: Stiff mud, 1; sewer pipe presses, 2. Kilns, down draft: Round, 17; dryers, 2.

1899—Number of establishments, 23; capital: Total, \$2,127,281; value of plants, \$1,219,543; cash and sundries, \$997,758. Salaried officials, clerks, etc. Number, 93; salaries, \$89,844. Wage earners, including piece workers, and total wages: Average number, 2,062; wages, \$947,969; miscellaneous expenses, \$157,421. Materials used: Total cost, \$969,357; clay, \$171,954; fuel, \$139,448; miscellaneous, \$273,912; packing materials, \$93,043. Products: Total value, \$2,137,963.

It will be seen by the report that during the past 10 years this city has made unusual strides in the manufacturing of pottery. The total value of all the plants within that time has almost doubled, while employment has been given to almost 2,000 persons over the number that were employed in 1890. Wages have been doubled, while the total cost of manufacturing has been practically doubled. The report shows that there were no idle machines in the city when the table was prepared.

GOOD POINT FOR STRIKERS.

Railroad Refused to Haul Non-Union Coal.

Charleston, W. Va., July 10.—The cause of the strikers was strengthened yesterday when the management of the mines were advised by the Chesapeake and Ohio Railway company that they cannot haul coal of forced them, pending a settlement of the strike.

The Brotherhood of Locomotive Engineers will not transport coal taken out of the mines, while the union is on a strike, and have so notified the company. Manager Cassaday, of the Winifrede company, says he will barge the product down the Kanawha river.

TRACY WAS NOT FOUND.

Pursuit Apparently Abandoned, but Sentries Kept Guarding Roads.

Seattle, Wash., July 10.—The pursuit of outlaw Harry Tracy appeared to be temporarily suspended. Sheriff Cuddehe has called in the guards from the southern suburbs, leaving only a sufficient number for a careful patrol. It is believed that Cuddehe expects the convict, if he reappears at all, to show up in another part of the country. The posse that started from Renton with the bloodhounds yesterday morning returned yesterday afternoon after a fruitless search.

Since early yesterday morning the posse had been scouring the country between Renton and Black River Junction. A large territory has been scoured, and it was believed that Tracy is in hiding in the dense woods of this district. Guards have been stationed at every road in the section. It was believed last night that he will soon make his appearance at some house and demand food, as he is known to be without supplies. The rumor that Merrill has joined his murderous comrade cannot be substantiated.

As matters stood last night no one knew the exact whereabouts of the desperado.

TEACHERS' CONVENTION.

National Educational Association Addressed by Archbishop Ireland.

Minneapolis, July 10.—Each of the 15 meetings yesterday of the National Educational association convention was well attended. Nearly every department of the association has held a meeting and the real work of the convention proper is on in full blast. There will be 13 meetings to day, and on Friday, when the convention will close, there will be 12.

At the evening session last night of the entire convention, held in the Exposition building, the attendance was about 10,000 people.

Hon. Michael Ernest Gaudier, LL. D., of London, England, spoke, taking as his theme, "Hope."

Archbishop John Ireland, of St. Paul, spoke on "The Influence and Responsibility of the Teacher."

Support For the Home Candidate
Especially Strong Among
Workingmen.

THEY REMEMBER HIS ACTS

While in Office and How He Brought
the Street Railway to Time and In-
stituted a Great Reform For the
Benefit of Coal Miners.

On next Saturday the Republican voters of Columbiana county will be called upon to state their preference for a candidate for the position of congressman in the Eighteenth district, and when the votes have been counted it will be found that Charles S. Speaker, the popular and only candidate put forward by Columbiana county, will not only control the 103 delegates to the convention, but will have carried every voting precinct in the county.

An attempt has been made to interest the workers of the county in this contest, and the movement was carried to a point by parties outside the county, that some protest was called for. The response was liberal and prompt. From every section of the county came voluntary endorsements from workers in every craft. The iron workers of Leetonia, Wellsville and Lisbon, the miners of Salineville, East Palestine and Washingtonville, in addition to many other trades unionists everywhere came to the front with kind words and good wishes for Mr. Speaker's success.

This was but natural, however, as very many of the workers had reason to remember the fearless and conscientious prosecuting attorney of a few years ago who accomplished so much for the workingpeople in his

numerous fights against the corporations. The details of the celebrated street railway case are sufficiently familiar to most of us, and it would therefore be a waste of time to review them at length. However, the case terminated successfully for the prosecutor, and the enforcement of the law through the courts requiring street railway corporations within the state to provide vestibules for the cars in use, was a great and lasting benefit to the employees.

There are other classes of workers who have reason to remember the good work of Mr. Speaker while filling the position of prosecutor. He was untiring in his efforts to secure such interpretation of the laws made for the government of mines, workshops and factories as would benefit the workers, and by so doing he has made his name blessed in many hundreds of homes.

The condition of some of the mines in the East Palestine district became so bad a few years ago that officials of the United Mine Workers' union determined to test the laws. Upon investigation it was learned that a state law existed which provided that mines be so arranged and the entries and rooms so laid out that the ventilation would be as perfect as it was possible to make them. The prosecuting attorney was consulted and informed the men that if conditions were such as they had been described, there was no doubt that a conviction could be secured.

Prosecutor Speaker entered upon the work with characteristic earnestness, and how well he succeeded is a matter of history.

In the beginning the mine owners were disposed to treat the whole matter with indifference, declaring they would never comply with the order. State Mine Inspector Hazelton, who was in office at the time, was appealed to and found the mines in even worse condition than had been originally described.

In spite of the united efforts of both prosecutor and inspector to persuade the operator that he was wrong, he could not be convinced that he was taking a very injudicious stand. Finding that nothing was to be gained in pursuing such a policy, Prosecutor Speaker filed the charges in a formal manner, and the outcome was most disastrous to the corporation and its obstinate officials. The manager was not only arraigned and heavily fined for the offense, but was compelled by an order of the court to make whatever alterations were necessary to render

the mine absolutely safe and healthy. So, in a district where little attention was paid to the circumstances under which miners worked, and where the surroundings were the very worst, there now exists a perfect understanding between the operator and his men, and the whole brought about through the voluntary action of Mr. Speaker.

Throughout the progress of the case Mr. Speaker handled the prosecution with a display of legal ability which was extraordinary, and through every influence at the command of the big corporations throughout the state was brought to bear to have the case dropped, it was pursued to the end with a persistency which could not fail to succeed.

Is it any wonder that the miners of the vast coal districts of Columbiana county are interested, and that they are giving Charles S. Speaker their undivided support? They know from actual experience and personal contact with the individual that if he is fortunate enough to be nominated and elected, the interests and welfare of the workmen will be as well taken care of in the national house of representatives as they were when Speaker was respected and feared by criminals and violators of the law, as the prosecuting attorney of Columbiana county.

The American people have good reason for being pleased at the financial condition of their government at the beginning of its business year just started. In the past 12 months the government's income exceeded its outgo to the extent of a little over \$92,000,000. This is a falling off of \$8,000,000 from the estimate made by Secretary of the Treasury Gage last November in his annual report, but this has been due to a reduction in the internal revenue receipts, which was caused by the passage of the repeal of the war revenue act by congress about three months ago. The 12 months of 1901-02, however, make a much better showing than any since 1887-88, when the excess of revenue over expenditures was \$111,000,000. There was a steady decline for some years, resulting finally in the big deficits of the Cleveland administration. Republican financing, despite a costly war, brought a speedy turn in the tide. The government debt has been reduced. The aggregate gold coin and bullion in the treasury is in the neighborhood of \$557,000,000. This is far the largest sum of that metal held in the depository of any nation in the world. The tendency, however, is upward. The amount of notes redeemed in gold at the treasury in the year just ended seems to be smaller than in any other 12 months since the resumption of specie payments in 1879. This is an indication of the general confidence of the public in the business situation which is particularly impressive.

Every citizen of East Liverpool will read with pride and satisfaction of the astonishing progress of the local pottery industry, as revealed in the census statistics of 1890 and 1900, elsewhere summarized. East Liverpool may be a little old-fashioned in some things, but there is one line of enterprise in which she acknowledges no superior. And unless indications are misleading, the same healthy sort of expansion will continue at an even greater rate during the present decade.

Every day brings new evidence that Charles S. Speaker, Columbiana county's candidate for congress, is strong with Republican voters of every rank in life and will receive the enthusiastic support of all.

John Alexander Dowie predicts that the millennium is coming within the next 25 years. Maybe, but the work of

such men as he is not likely to hasten its arrival.

The settlement of the Chinese troubles and the European agreement to evacuate Tsin Tsin is another triumph for American diplomacy and Secretary Hay.

The Democratic hunt for an issue in the coming congressional campaign in the country is still kept up, but it is an elusive chase.

An extra session of the legislature of Ohio is called to meet public needs and not to fight out political battles.

There is little likelihood as well as little necessity for a protracted extra session of the legislature.

The crop of vacationists is now ripe and the resort proprietor's harvest season has begun.

If Aguinaldo comes to the United States, he will have a chance to learn a great deal.

OBITUARY

John Yeager.

John Yeager, aged 89, died at his home on a boat house in Wellsville yesterday afternoon. He had been an invalid for over two years, suffering from dropsy. He was born in Pennsylvania, but had lived in Wellsville 21 years, being a gunsmith by occupation. His wife died two years ago. Several children, residents of Pennsylvania and Ohio, survive. The remains were buried in Spring Hill cemetery this afternoon at 2 o'clock.

Death of An Infant.

An infant son of Mr. and Mrs. William Buxton, of Spring street, died this morning at 7 o'clock of cholera infantum, from which it had been suffering for some time. The funeral services will be held Saturday afternoon, it is thought, interment being made at Riverside cemetery.

TRIED TO SEE MRS. MCKINLEY.

Crazy Man Sent From Canton Landed in Beaver Jail.

Canton, O., July 10.—George Fisher living Pittsburgh as his home, attempted to see Mrs. McKinley Tuesday claiming he could make disclosure concerning the plot to assassinate her husband. The township trustees paid Fisher's fare to Pittsburgh to get rid of him.

Reaver Falls, Pa., July 10.—Fisher acted so queerly here yesterday Burr Raymer sent him to Beaver jail. He claimed to know of a plot to kill President Roosevelt.

Encouragement.

WITH THE WORKMEN IN THE CLAY PLANTS

[Special Correspondence.]

Sebring, O., July 10.—The French China plant, which has been shut down for a few days, will resume operations in full this week.

Harry Rice returned home Monday from Akron, where he has been visiting friends for a few days.

Next Monday is the date set for the OVER 60 resume. All departments of this shop will start again on that date.

Samuel Eardley, manager of the French China, will leave today for Atlantic City, where he will spend 14 days.

Clarence Miller, of this town, who is well known in East Liverpool, will return from Evansville in a short time. He has been visiting friends there during his vacation.

Detroit, Mich., was the destination of Oliver Beight and Kirk Hoster, well known operatives here. They are spending their vacation there.

The glass kilnmen of the Sebring pottery after a short loaf resumed work today, while the clay department of this shop started Wednesday. The plant will be operated full time from now until Christmas.

W. H. Curry and family have returned to Sebring after spending several days visiting friends at Toledo.

Charles Merrick and James Denmore have returned to Sebring after spending some time visiting friends and relatives at Findlay.

Michael Funnell, who several days ago sustained a broken finger, will return to work as a presser at the French China next Monday. His injury has improved so rapidly that he will be able to work sooner than he anticipated.

Albert Wagner has been placed in charge of the dipping house at the Sebring pottery, which was caused by the unlooked-for resignation of William Lynch. Mr. Lynch will leave within a short time for Sandusky, where he will remain at the soldiers' home. He has been head dipper at this plant for quite a long time, and his many friends are sorry to see him leave Sebring.

[Special Correspondence.]

Peoria, Ill., July 10.—The pottery in this city, operated by the Crown Pottery company, resumed operation Monday last, after a shutdown of one day. The biscuit kilnmen at this shop worked two days last week, while the glass kilnmen succeeded in making four days.

A number of repairs have been made in the green room at the Peoria shops. The boiler, which has been in a bad condition for some time, has also been repaired, and at present the shop is in good condition throughout. It is expected all departments will be operated full from now until Christmas.

All the operatives in this city are glad to learn of the settlement that has been reached between the manufacturers and the operatives. They are, however, of the opinion that the contract system should have been abolished, but as they do not know all the facts concerning the settlement of the differences at this writing they are satisfied that everything has been done to the best advantage.

Brother Hines, of East Liverpool, is visiting his parents in this city. He paid a visit to the Peoria shop a few days ago and then called on Walter McKone, who came from here from Wallace & Chetwynd's, several weeks ago. Hines addressed McKone as Pauline Hall, and asked if he had his dime. Now all the boys that hear the remark would like to know the joke. Hines will return to East Liverpool Friday of this week.

[Special Correspondence.]

New Castle, Pa., July 10.—The She-nango pottery will start to work next Monday. It has been shut down but a few days, closing on the Thursday before the Fourth.

Charger Gamble arrived here after spending a few days in East Liverpool visiting friends.

Albert Wood and family are spending a few weeks in East Liverpool visiting relatives and friends. They are expected to return to New Castle in a few days.

P. Gollner has resumed work after a three days' loaf.

The New Castle China works has resumed operations after a few days' rest, and the outlook for a long run at this shop is most promising. The warehouse girls at this shop were compelled to work at nights so that they could get off on the Fourth.

After a shut down which lasted but two days the New Castle sanitary shop has resumed operations. The shop will be run steadily, as the company has sufficient orders on hand to keep the entire force employed until the New Year.

William Gamble, better known as "Charger," will move his household

goods to New Castle from East Liverpool about the last of the month. He has an excellent position with the New Castle Sanitary Pottery company.

A new set of by-laws has just been adopted by local No. 54, of this city. The laws are much better for the "good of the order" than those which have been in vogue for some time.

A force of workmen, in charge of Foreman Charles Zeek, of the General Fire Extinguisher company, of Warren, O., is fitting up the new additions of the C. C. Thompson pottery with automatic sprinkling apparatus. When this work is finished they will put in 2,100 at the Laughlin No. 3 plant, also at Vedrey's, East Liverpool Pottery company, Dresden, National and Edwin M. Knowles at Chester, aggregating 10,000 sprinklers. The devices have been in use in this city for four years. Knowles, Taylor & Knowles first adopted them and they have been generally adopted. Their presence in the plant greatly reduces the insurance rates. In case of fire the extinguisher is so arranged that a melting process takes place from the heat, also giving an electric alarm. The water then follows through the pipes into the sprinklers and the water is spread rapidly throughout the entire building.

While nothing has been heard for several weeks concerning the scheme to form a working arrangement between the Summit China company, the Akron Pottery company and the Niles Pottery company, the matter has not been dropped entirely. It has been learned that the matter will be revived at no distant date, and the chances for it being put through this time are unusually bright. No time, however, has been set for a meeting of the parties interested to close the deal, but it is thought a conference will be held very soon.

The Niles pottery, operated by the Bradshaw company, lost but one day this summer, and that was on July 4, when the shop closed down for the day. Theodore Bradshaw, who was in the city yesterday, and who came here to attend the special meeting of the manufacturing potters which was held Tuesday afternoon, stated that the shop was being operated full in every department, and that business with the company was very good.

The dippers at Laughlin No. 3 resumed work yesterday, and this morning all departments in both shops started to work. As this company is now being favored with an excellent business, the several plants of this concern will no doubt be kept in full operation until the first of the year. The saggermakers at No. 3 have been working since last Monday, having lost but two days, Friday and Saturday.

The work of building a new glass kiln at the Cartwright plant is progressing rapidly, and when completed, which will be some time in August, it will have cost in the neighborhood of \$1,500. The kiln will be 16 1/2 feet in diameter and will replace one of the oldest kilns in the kiln department, No. 1.

Down in Cambridge, a town that has gone dry, the thirsty element has heard that a number of laws passed by the last legislature have failed to stand the test to which they were subjected in the supreme court, and will attack the Beal local option law in the hope of rendering it inoperative.

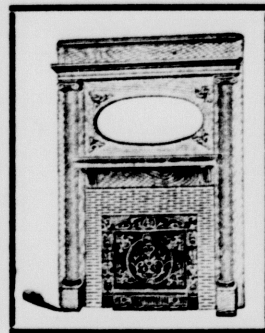

There seems to be a shortage of frame fillers in this city, and a number of saggermakers report that they have been unable to turn out as much

work as they desire on this account. It is said that no less than a dozen frame fillers could find employment in this city at present.

The new sanitary price list which was adopted at a recent conference of the manufacturers and the National Brotherhood of Operative Potters at Trenton has gone into effect. The concessions contained in the list will give the men an average increase in wages of about 8 per cent.

L. K. Force, of the Summit China company, of Akron, returned home last evening. Mr. Force says his company is erecting a new biscuit kiln. He is well pleased with the outcome of the late conference.

Work was commenced at the Cartwright pottery Tuesday afternoon, when the kilndrawers started to work. It is the intention of this firm to operate the plant in full commencing next Monday.

The National has resumed, and at present the firm is so rushed with orders for decorated ware that three printers are now at work. This plant will be in full operation in a very short time.

Homer McCartney, a frame filler at Laughlin No. 3, will leave this week for Wichita, Kan., where, it is said, he will be married. He will be gone for about six weeks.

Neal Button, the well known kilnman, of Market street, has resumed his duties at Laughlin No. 1, after an outing at Atlantic City.

"The Navarre," the new shape of the Taylor, Smith & Taylor pottery, Chester, will be ready for shipment by August 1.

The handlers at the Harker pottery will not resume work until about the middle of next week.

Will we get through in a week ?

No, but we believe we can get far enough along that we can have

OUR OPENING THE WEEK FOLLOWING

There are thousands of people anxious to see the inside of the undoubtedly finest Merchantile Block between Pittsburg and Cleveland.

At our opening we intend giving you all a chance.

So we'll only put in enough stock to show what the store is intended for.

We also wish to avoid asking you to participate in the unpleasant jams generally met at openings.

Hence on 3 afternoons from 1 to 6 we will not attempt to do business but will be

At Home to the Public

On the first day we will ask all the people whose surnames begin with any of the letters of the alphabet from A to G, inclusive, to come.

On the second day those whose names begin with H to M, inclusive. The third day the remainder of the alphabet will be welcomed.

This we believe will avoid undue crowds on the street cars as well as in the store.

Now as to Souvenirs

We found we could not do anything for less than \$300.00.

This is considerable for dainty trifles half of which would be broken before you reached home.

So on studying the matter we decided that instead of giving away Souvenirs we would distribute \$300 to the religious bodies and hospitals of this city and vicinity.

We will give the money, but we want you to decide where it shall go. So we will ask all adult persons who attend the opening to register their name and preference of object.

Then a committee will count the names and distribute the money, not to any one object, but PRO RATA among all those voted for.

Almost everyone is interested in some church or the hospital so we believe this plan will meet with general approval.

LOOKING FOR SUCKERS

A Soap Vender Has a New Scheme for Swindling Easy Folks.

A soap swindler is traveling on his way through Ohio, victimizing gullible farmers and leaving behind him a trail of victims. His plan is to approach a farmer and inform him that because of the influence of his name among his neighbors he will furnish him one hundred cakes of his superior soap for the low price of \$8. And as an extra inducement to purchase he agrees to carpet one room of his house absolutely free. He delivers the soap, collects the cash, promises the carpet in three or four days, and then disappears.

His victims are still waiting for the carpets and trying to do the family washing with worthless soap.

EAST LIVERPOOL LOST THIRD GAME

Six Innings Only Were Played at Johnstown Yesterday on Wet Grounds.

THE CONTEST WAS CLOSE

And the Score Stood 3 to 2—Today the Crocker City Giants Will Battle With the Famous Homestead Team.

East Liverpool lost the third of the series to Johnstown yesterday afternoon, but as in Tuesday's game, it was by a narrow margin, the score being 3 to 2.

The first game was credited as having been one of the fastest of the season. Every game was closely played, and until the third man was out in the last inning of each game it was not known which team would be victorious. Johnstown fans are of the opinion that the Crocker City has one of the strongest amateur teams in the country, and they are not mistaken.

Why it is that the locals wait until they leave the city to show their skill at the national sport is a question hard to answer. They have done the same thing for years.

Owing to wet grounds the game yesterday was only six innings in length and had they played the game out it is hard to tell who would have been victorious. The field was very muddy and the ball was handled with difficulty by all. McShane pitched for East Liverpool, and under the circumstances did all that could be expected. Maag got another error, but it was due solely to the condition of the grounds. He came to the front with two hits, one put-out and two assists. Godwin strengthened the team as usual, making a run and two hits in the few innings played.

A Johnstown correspondent states that Williams had the local team at his mercy, but from the number of hits made it looks as if the correspondent is a little off. He also spoke of Gainer's fast work at short. It may have been fast, but he mixed a pretty little error in it.

The locals play at Homestead this afternoon and on tomorrow and Saturday afternoons. Homestead has a great team, and if the home boys do as well with them as they did with Johnstown, the local fans will be for them, right or wrong, forever.

The widest possible publicity should be given to the fact that summer diarrhoea in children and cholera infantum can always be cured by the judicious use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails. When reduced with cold water and sweetened it is pleasant to take, which is very important when a medicine must be given to small children. For sale by Alvin H. Bulger.

DEFENCE OF COASTS.

TWO DISTINCT SETS OF MANOEUVRES TO OCCUR.

One Purely Naval—Other Army, Militia and Naval Combined. Mimic Warfare.

Washington, July 10.—Beyond a general idea of the character of the army and naval manoeuvres, which will take place on the Atlantic coast this summer, nothing bearing official authentication is obtainable in either the navy or war departments. But from a high official source a general sketch of the exercises has been obtained. There are to be two distinct sets of manoeuvres. The first will be purely naval and will consume probably the first three weeks of August. Two, or perhaps three, vessels belonging to the North Atlantic station will represent an enemy's fleet and will attempt to elude a defensive squadron, commanded by Rear Admiral Higginson, and accomplish a landing at some point on the New England coast inside of limits not yet prescribed. The duty of the defending squadron will be to send out scouts to stop the "enemy's" vessels before they can reach the coast. The vessels participating in these manoeuvres will include the battle ships Keats, Alabama, Massachusetts and Olympia, comprising the North Atlantic squadron, as well as the Montgomery, Scorpion, Marblehead, Hist and such other vessels as can be spared at the time. At these naval manoeuvres the officials hope to experiment with wireless telegraphy if suitable arrangements can be perfected in time, and it is said there also will be experiments in coal ship, transporting supplies and other comparatively minor features of naval warfare.

Further general details of the naval manoeuvres, such as the commander of the "enemy's" ships and the division of the vessels into defenders and invaders, are not to be had as yet.

Army to Help Defend.

The second and more important set of summer manoeuvres will consist of a naval attack on a point on the North Atlantic coast by a supposed hostile fleet, which attack is to be met by a joint defense by the army and militia, assisted by a small number of naval vessels detached for the purpose from the North Atlantic squadron.

Active preparations are in progress by the army.

It has been determined that the attack will be made between New Bedford, Mass., on the east, and the eastern defenses of Long Island sound. This will include the artillery district of Narragansett, commanded by Colonel Henry C. Hasbrouck, and the district of New London, commanded by Lieutenant Colonel J. M. K. Davis. The Narragansett district includes Forts Adams, Wetherill and Greble Rhode Island, and Rodman, Mass. The New London district is composed of Forts Trumbull, Conn.; Mansfield R. I.; H. G. Wright, Michie and Terry New York.

Must Find Point of Attack.

Within the radius of the operations the army will have no notice of where and when the attack will be made. The army must find that out for itself. The signal corps will be utilized for this purpose, as well as all telegraph and telephone stations along the coast. The navy will take every precaution to conceal the point of attack and the army will do its utmost to find out just where the fleet will approach the coast and also at what time.

Owing to the secrecy to be maintained by the navy the troops in the different forts will be kept in a state of readiness either for a day or night attack.

Will Take Over Road Tomorrow.

Columbus, July 10.—Arthur E. Apthard, of Boston, the head of the Apthard electric railway syndicate, announced here yesterday that the Columbus, Buckeye, Lake and Newark Traction company will secure the Newark and Granville electric road on Friday, when the formal transfer of the property is to be made. The new road will be operated in conjunction with the Buckeye Lake line.

CAN'T RECALL PRIARS.

Vatican Replies It Would Put Holy See In Conflict With Spain.

CAN'T RETURN TO PARISHES.

The Note to Judge Taft: They Shall Not Go Back Where Their Presence Would Provokes Trouble. Received Last Night.

Rome, July 10.—The answer of the vatican to the note of Judge Taft, governor of the Philippine islands, concerning religious affairs in the archipelago, which was handed to Cardinal Rampolla, papal secretary of state, July 3, was delivered to Judge Taft at a late hour last night.

The answer contains the following in part:

Portion of the Reply.

The answer is compiled in the order of Judge Taft's note of July 3. First comes the note which says that all the studies of the vatican were centered to render more clear, more precise and definite the conditions between the holy see and the Philippine government. In fact, the note says that if something further with this intent can be proposed that it be freely expressed, adding it would be considered with great pleasure. The introduction proceeds in this tone until it comes to the question of the recall of the friars. It then says the vatican cannot accept the proposition to recall the friars within the fixed period. Such recall not being justified by reasons of Force Majeure, it would be contrary to the rights guaranteed by the treaty of Paris and would put the holy see in conflict with Spain. It asks:

"If the United States cannot order the withdrawal of the friars, how can the pope do so, especially when it has been proved that all the accusations made against them were partly false, partly exaggerated and partly incorrect? However, the vatican promises that if it will try to introduce into the Philippines clergy of other nationalities, especially Americans, gradually as they are found ready or are adapted for the purpose.

Shall Not Return to Parishes.

The note agrees that the friars shall not return to the parishes they left and where their presence could provoke trouble.

The note ends by saying that the pope is willing that the school education in the Philippines be not interrupted upon now, but that his holiness hopes his representative in Manila may have an understanding with Judge Taft on this point, which is of capital importance in a country almost exclusively Catholic.

UNITED STATES WILL PROTEST.

Complaint Made of Unwarranted Course, in Cases of Gaynor and Green.

Washington, July 10.—The extradition case of Messrs. Benjamin D. Green and John F. Gaynor, for removal from Canada to the state of Georgia for trial on charges of misappropriation and embezzlement of over \$2,000,000 in connection with river and harbor improvements at Savannah, Ga., which has been sought for some time by the United States, will take on a diplomatic phase in a few days, when Secretary Hay communicates to the Canadian government the view of the officials of our department of justice that the Canadian authorities are pursuing an extraordinary and unwarranted course in the cases.

The delays and embarrassments in the extradition proceedings resulted in Mr. Marion Erwin, special assistant to the attorney general, who has been in active charge of the extradition proceedings for the United States transmitting to the attorney general under date of Montreal, July 7, a special report on the case, in which he calls attention to the fact that the lawyers of Messrs. Green and Gaynor are closely connected through professional and family ties with the Canadian officials to whom this government must look for extradition of the men whose custody it seeks.

Mr. Erwin, in his report, in part says that prior to instituting the extradition proceedings he was put on notice that the fugitives had just taken refuge at Quebec, for the purpose of resisting extradition, and that they had employed as their counsel the firms of lawyers, to which belonged the highest officials of the Provincial and Dominion governments. He said that he was thus precluded by the position taken by them, from conferring with the law officers of the crown. He therefore retained two attorneys of the Montreal and Canadian bar, who have ably assisted him. The report is quite large and treats on different phases of the situation and makes complaints on different points.

Vessels Can Use Oil as Fuel.

New York, July 10.—The new twin screw steamer Nebraska, of the American Hawaiian Steamship company, arrived in port last night from Philadelphia. The vessel is one of three sister ships, the other two being the Nevada and the Texan. All three vessels are fitted with furnaces in which either oil or coal can be used as fuel. These vessels are the latest oil burning steamships built in the United States.

CURES WEAK MEN FREE

Insures Love and a Happy Home For All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night loss, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp, Medical Co., 1604 Hull Bldg., Detroit, Mich., and he will gladly send the free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from his daily mail show what men think of his generosity:

"Dear Sir:—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sir:—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sir:—Yours was received, and I am in trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain sealed envelope. The receipt is free for asking and he wants every man to have it.

MITCHELL IS CONFIDENT.

In Address, So Expressed Himself as to the Outcome of the Strike.

Wilkesbarre, Pa., July 10.—In an address yesterday before the 100 delegates of District No. 1, in convention at Nanticoke, President Mitchell, of the Mine Workers' union, said that he had never participated in a strike in which he was so confident of success.

This statement by the miners' chief was greeted with great applause. The national president severely criticized the Citizens' Alliance organizations which have been formed in Scranton and Wilkesbarre for the purpose of presenting all persons who boycott or otherwise intimidate men who are still working in the mines or their relatives.

DIED OF BURGLAR'S SHOT.

Supposed Cause of Latimer's Death Wife Prostrated.

New York, July 10.—Albert O. Latimer, the stationer of this city, who was shot, it is supposed, by a burglar at his residence in Brooklyn, died at a hospital last night. The shooting took place a week ago yesterday, at 2 o'clock in the morning. Mr. Latimer died without being able to make a connected statement as to the visit of the burglar. Mrs. Latimer told how her husband grappled with the intruder and was shot. After the shooting a bicycle lamp, a pair of felt-soled shoes and a cap were found in the room, but the police have been unable to find any trace of the burglar. Mrs. Latimer is the same hospital in which her husband died, and is said to be very ill as a result of the shock of seeing her husband shot down.

Supremacy.

St. Paul, July 10.—The national convention of the Luther League of

America began here yesterday.

The chief topic considered was the contest for supremacy between the Luther League and the Christian Endeavor society. The latter society has been well organized for some years in many Lutheran congregations, and the chief aim of the body now in session here is to replace such societies with branches of the league.

W. C. Stoeber, of Pennsylvania, president of the national league, read a report of the past two years' work.

STRIKE VIRTUALLY SETTLED.

Chicago Strikers Likely to Accept 20 Per Cent Increase—Lost Union Recognition Demand.

Chicago, July 10.—The strike of the freight handlers is virtually settled. Meetings of the strikers will be held today to ratify the action taken last night by President Curran, of the order, but, as he stated last night after a conference with the general managers of the railroads, that he agreed to their terms because a majority of his men were "going back" on him, there is little doubt that the terms will be accepted by the mass meeting of the strikers today.

By the terms of the settlement the strikers accept the schedule of wages offered them by the railroads July 1. This is an increase of 20 per cent. The attitude of the roads toward the freight handlers' union is the same as that maintained toward all local organizations of railroad men. The freight handlers demanded something that no other organization of railroad employees in Chicago had asked, and the managers announced that under no circumstances would they agree to this.

Situated between Second and Third streets, one-half square west of city hall on Hague alley. Sinks and closet connected with sanitary sewer. Gas throughout. Good residence district. Centrally located.

\$2500 Six room two story "L" shaped dwelling with front and side porches, good cellar; formerly used as a basement. Lot is 30 feet wide and runs through from Thompson avenue to Ravine street. High class residences in the neighborhood.

Inquire for Price. A seven room modern dwelling with bay window, halls, bath room, hot and cold water, sewer connections, gas throughout, electric light, furnace. Lot lies perfectly level and front 30 feet on grassy lawn to the front. This property is on the west end of Sixth street and one of the few down town residences for sale.

High Class Residences We have them in all parts of the city. They are generally occupied by their owners. For reasons that are obvious to all owners of fine properties they do not want general publicity made of the fact that their "home" property is for sale. These properties we are ever ready to tell you of on condition that you evince enough interest to make inquiry of us. You'll never get prices or particulars in our advertising columns of them. Don't think that we cannot suit you. Try us. Further, we'll save you money.

300 Dwellings For Sale. Have you ever seen our mammoth For Sale List? If not call and get one, or send us your address and we will mail you a copy. When you come to us you have a selection of properties to choose from representing three-fourths of all the properties on sale in the city. We make it profitable to do business through us. Give us 20 minutes of your time; if we don't interest you, we'll say no more about it. We make terms of purchase to suit you.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Booked for the Races—Ikey Boy, Dr. Hawker and Robert L. will go to the Ravenna races after the Salem meeting. William Humble, of this city, will drive the nags.

Winding Up Pest Business—The Turners' executive committee meets tonight to wind up business of the turnfest, having postponed the meeting from Monday evening.

River Fireman Scalded—James Ward, of East Liverpool, fireman on the tow boat Maggie, was badly scalded by the explosion of a steam pipe. He was sent to Mercy hospital, Pittsburgh.

Departure Was Delayed—The Jr. O. U. A. M. excursion from Rochester, Pa., yesterday did not get away from the city until 9:30 last night, and they were a very tired appearing crowd on account of the long wait for their train.

Train Was Delayed—The second section of train No. 316 was delayed an hour and a half last night by the blowing out of a cylinder head of the engine at a point on the main line. The first section was run from Wellsville, taking passengers coming up the river division.

Very Successful Camp Meeting—The Free Methodist camp meeting of the Rochester (Pa.) district, which includes East Liverpool, held at Beaver Falls, just closed with 100 conversions. There were 70 tenters on the grounds and many thousands attended the meetings.

Insurance Money Paid—W. J. Curry, manager of the Roman Plastering works of the West End, has made a settlement with the Indiana & Ohio Live Stock Insurance company. He lost two horses in a fire not long ago, and it was for them that he received compensation amounting to \$150.

Excursionists Were Many—One hundred and twenty-five excursionists from this city took advantage of the Atlantic City excursion which left at 5 o'clock this morning. The party will remain 10 days. Many of the excursionists were well known potters taking advantage of the rates for a summer outing.

Reservoir Repairs Completed—The reservoir is now all completed with the exception of cementing the walks around the basins and sawing and sodding the grass around the walks. Both the old and new reservoirs are now filled with 19 feet of water each. The new reservoir has been in use for fully a month, and is pronounced strong and safe. The old reservoir was cleaned and concreted and now matches the new basin.

Township Trustee's Expenses—Township Trustee Albright has prepared his report for the month of June. It shows that \$30.28 was spent for the keeping of the poor by the township and that \$74.30 was expended for the same purpose for the county. The county report is about the same as the preceding month, but the township bill shows a slight decrease. Mr. Albright states that there are none depending upon him at the present time and thinks that the present month may be a record breaker for low expenditures.

THE SELLING OF STOCKS.

Wednesday, Evidently by the Speculative Element, Motive Being to Take Profits.

New York, July 10.—The selling of stocks yesterday was obviously by the speculative element which bought previously on the prospect of a rise their motive being, of course, to take profits. Whether any actual developments bearing upon values were considered is not clear. But there was one or two considerations which might be construed against a further advance in prices. The marking up of St. Paul and New York Central, together with some of the soft coal stocks that were strong Tuesday is perhaps sufficiently explained as a measure of manipulation to facilitate the taking of profits elsewhere. Some of the high priced industrials worked higher on what had the appearance of investment demand. The proposed suit to enjoin the payment of a dividend on United States Steel common came in for some vigorous denunciation as to its motives by officials of the corporation, and the advance in the stock was apparently intended as a notice to opponents of a purpose to protect the stock in the market.

Of the factors making for the selling side, the continued heavy movement of currency to Chicago was an important one. Including a deposit of \$500,000 at the sub-treasury for telegraphic transfer to Chicago and shipments by express, it is said that about a million and a half went to that point from here yesterday. The exigencies of the corner in the July option in corn are supposed to account for the heavy movement.

Keeping Up With Fate.

"You will be married within a year," continued the fortune teller. "Dear me!" exclaimed the lady, who was already married. "I shall have to begin divorce proceedings at once."—Boston Post.

SOUTH SIDE

DOVENER FOR CONGRESS

No Other Result Possible in the Convention Which Meets Today.

Attorney E. D. Marshall, a delegate from Grant district to the Republican congressional convention which was to meet at Wheeling this afternoon, left for that city this morning.

The Republican congressional convention of the First district met this afternoon at the Wheeling Park Casino and will go through the formality of renominating Captain B. B. Dovenor, No other result is possible, as Dovenor has sufficient votes to nominate without the aid of the contested delegation from Marion county. There will be two sets of delegates from Marion, and this fact is all there is upon which to base a departure from the cut and dried program.

The district executive committee met last night and made final arrangements for the convention. It will be called to order by Chairman S. G. Smith, who will name Frank W. Nesbitt as temporary chairman. Virgil L. Hyland, of Clarksburg, will be the temporary secretary. It is the program to make the temporary organization permanent.

QUARANTINE EXTENDED

A Full Dozen of Persons Must Await Outcome of Smallpox Case.

There are some 12 or 13 persons now on Middle run that are under quarantine. Health Officer Allison was in East Liverpool today looking for a competent nurse for Fitzpatrick, the smallpox patient.

A man who had been in the company of Fitzpatrick was taken from Chester yesterday to the temporary pest house and will be confined there for some time.

Horse Succumbed to Heat.

Hunter & Funkhouser, the street railway contractors, lost a valuable draft horse by heat yesterday. The grading on the line was completed to day and the laying of rails will be completed by next week. Some delay is caused by the non-arrival of ties which are secured in the vicinity of Fairview.

Danced in a Barn.

A grand dance was held at the barn of Mr. Potts, near the Grandview school house. A large crowd was in attendance. Gallup brothers' orchestra furnished the music. The Chester young people got caught in the storm on their return and received a bad ducking.

Got \$2,300 Insurance.

Mrs. John Beck, mother of Byrd, killed in the Sheridan, Pa., disaster, received the insurance, \$2,300, from the Pennsylvania voluntary relief fund.

His Eye Badly Hurt.

Captain George Conn, foreman of

the yards at the Chester mill, had his left eye badly injured by a scale off of one of the pots flying and striking him in the eye yesterday afternoon. Mr. Conn returned to duty this morning, but his injury bothers him considerably.

Today's Picnic.

The Mt. Washington Presbyterian Sunday school, of Pittsburgh, arrived on a special train this morning at 10 o'clock. The visitors are putting in an enjoyable day. Base ball and other games are features.

May Lose an Arm.

Charles Smith, who is suffering from blood poisoning, may lose his arm, amputation being necessary. His condition is not improved and few hopes are entertained of his recovery.

Mill Idle Half a Day.

The condenser in the boiler at the Chester mill was broken yesterday at 1 o'clock, causing a suspension of operations until this morning at 5 o'clock.

CHESTER NOTES.

J. F. Height, of Carolina avenue, is on the sick list.

Mrs. H. S. Plankinton, of Carolina avenue, is quite ill.

Attorney Ingram was at Toronto on legal business yesterday.

Mayor Snader and J. E. McDonald returned from Parkersburg this morning.

Mr. and Mrs. St. Clair, of Carolina avenue, have returned from a visit to Legionville friends.

Mrs. Riley, of First street, left this morning for a six weeks' visit with Nebraska relatives.

Misses Ruth Baxter and Daisy Bambrick have left for a week's visit with Magnolia, O., friends.

Allen McDonald is building a fine brick residence on the corner of Virginia avenue and Sixth street.

A dance was held at the home of Samuel Newlan, of Congo, last night, attended by many Chester residents.

Stephen Smith of the Taylor, Smith & Taylor pottery, has returned from a week's visit with Toronto relatives.

James McCullough and sister, Miss Nellie, of Phoenix avenue, returned yesterday from a visit with Coraopolis friends.

The high wind of last night shattered the panes in the front door of Rev. W. B. Gillis' home on Carolina avenue.

A four horse team stuck in the mud on Carolina avenue, near Height's store, last night, and was with difficulty gotten out.

Mrs. Jennie Swartz and daughter, of Third and Carolina avenue, leave tomorrow for an extended visit with Altoona (Pa.) friends.

A heavy rain last night damaged crops in the interior, and washed out a fill at the Middle run bridge. The traction line made temporary repairs.

W. W. Spivey and wife and Mrs. Mollie Shay and daughter, of Fairview, were attending the funeral of Mrs. S. S. Shay, at East Liverpool, yesterday.

Council will meet in regular session tonight. The most important matter to be taken up will be the Carolina avenue paving, and other streets which

are in a bad condition from the recent rains.

County Clerk Frank L. Bradley is making a transcript of the Good "runk" case, which will be argued before Judge Hervey shortly for an appeal.

J. H. Fowler, formerly of the Diamond Hardware company, of East Liverpool, is the new proprietor of the hardware store opening upon Virginia avenue.

There are prospects of laying one of the New Cumberland branch freight crews over in Chester, traffic having become so heavy along the upper portion of the branch.

The M. E. Sunday school picnic passed off very pleasantly yesterday afternoon. After the dinner the scholars were treated to ice cream. Amusements occupied the afternoon outing.

NEW HARDWARE STORE.

J. H. Fowler has severed his connection with the Diamond Hardware company and has opened up a hardware store on Virginia avenue, Chester, W. Va. 161-r
